FLAMES IN TIBURON—Two duplex buildings went up in flames last night as residents ran from their apartments. Tiburon firemen fought the blaze for more than two hours and still were wetting down smoldering timbers this morning. (Photo by James E. Dukes)

Two Injured As Blaze Hits Tiburon Duplexes

Big Loss Put At \$100,000

By ELLEN BRY

Two persons were injured last night as they fled in their night clothes from two burning Tiburon duplexes.

One building was demolished by the fire, the related building next door still had some exterior walls standing today. Two sports cars in a garage were burned black, and one of them fell through the garage floor to the burning apartment below. A third sports car was severely burned and a sedan was singed.

Tiburon Fire Chief Frank Buscher said the loss of the buildings, up to \$100,000, and the cars, made it the costliest fire since the fire district was formed in 1941.

Tiburon firemen fought the blaze for more than two hours.

FAIR CONDITION

Harv Lockwood, 30, of 2319 Mar East Street was in fair condition today at Marin General Hospital with first and second degree burns on his legs, feet, back, arms and face.

Lockwood, John A. Rigazio and Len Nedosick fled their apartment where the fire apparently started and ran to the three other apartments to pound on neighbors' doors and awaken them.

BACK BRUISE

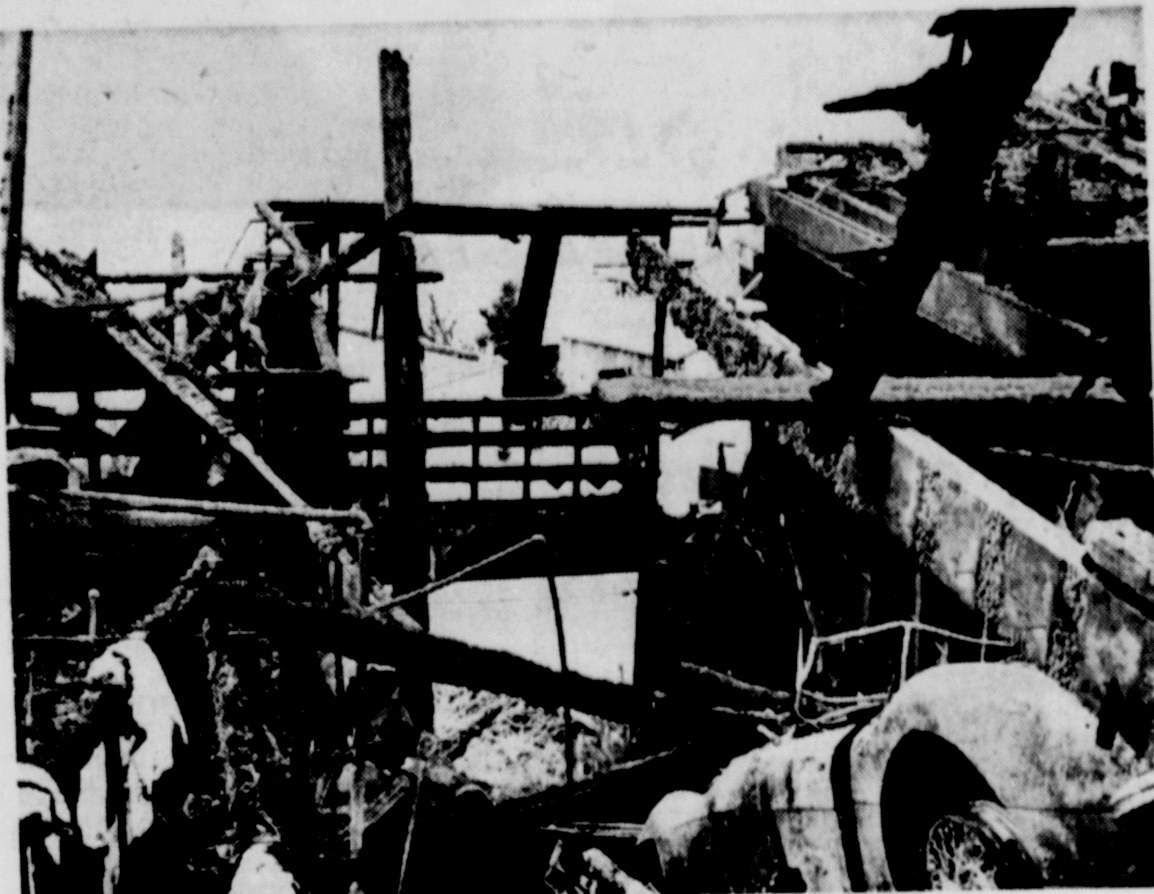

Rigazio was treated for back bruises at the hospital, suffered when he leaped about 25 feet from a window in the lower level of the apartment to escape flames.

The men awakened Mr. and Mrs. Oliver V. Mahan, who fled from their apartment in their nightclothes. Mrs. Mahan called firemen, who already were on the way. Mahan grabbed a coat from a closet to cover Lockwood, who came to warn them of the danger clad only in his underwear.

Cecile McCollins, Barbara Scholing and Alva Kirby fled their apartment, climbing over an eight-foot fence to get to the Mahan side of the buildings, where they ran to the street.

Elizabeth Plohn, 58, also ran

TOTAL LOSS—The buildings today were a total loss as residents hopefully returned to find something of

their belongings. A sports car fell through the floor of the garage, one of four cars burned.

Traffic Kills 535; State Tops Nation

By U.P. INTERNATIONAL

Traffic accidents killed 535 persons over the long Labor Day weekend. It was the second worst Labor Day holiday toll on record.

The final UPI tabulation showed this breakdown of holiday deaths between 6 p.m. Friday and midnight last night:

Traffic 535
Drownings 75
Planes 16
Miscellaneous 56
Total 682

The National Safety Council had feared the death count would spurt past the record of 561 set over Labor Day last summer. But the death pace fell off in the holiday's waning hours.

Still, the National Safety Council said, more traffic deaths were recorded over this weekend than during any Labor Day holiday except 1963.

The safety council credited motorists who heeded warnings and used extreme caution during the homebound rush last night with averting a record this year.

The council's pre-holiday estimate was that between 490 and 590 persons would be killed in traffic during the 78-hour holiday.

California headed the death count with 45 traffic fatalities. There were 35 in Texas, 33 in Illinois, 28 in New York State, and 23 in both Michigan and Ohio. Only three states—Delaware, Montana and Hawaii—had no holiday traffic deaths.

'EXTREMISTS'

Brown Hits CRA Prop. 14 Stand

SACRAMENTO (AP)—Gov. Edmund G. Brown assailed the California Republican Assembly today as "Goldwater extremists" for backing the ballot proposition to nullify the state's laws against racial discrimination in housing.

The governor, at his news conference, also blasted the volunteer Republican group for its opposition to three bond issues totalling 790 million dollars for schools, state construction and parks and recreation.

"This is the Goldwater group," Brown said. "This is the right wing that I've been calling extremist here in California."

"I think it is tragic that this conservative group would kidnap the Republican Party in California," he said.

He called the CRA's vote to support Proposition 14, which would nullify anti-discrimination housing legislation, "in line with Goldwater's vote against the civil rights bill" in Congress.

"His people are fighting for a bill that is unquestionably segregationist," the governor said.

Brown noted that the three bond issues, Proposition 1, 2 and 3 on the Nov. 3 ballot, had cleared the legislature with two-thirds majorities and had bipartisan backing.

"The Goldwater extremists recommend that we vote against these magnificent investments in the future of this state," he said.

"To me, this is absolutely putting your head in the sand."

"This is the Goldwater mind reflected in the California Republican Assembly," he said. Brown said both the Republican presidential nominee and President Lyndon B. Johnson should take stands on Proposition 14. He said he'd discuss the matter with Johnson.

On other matters, the governor:

Said he is satisfied that all necessary steps are being taken to curb the outbreak of meningitis at Fort Ord.

Deplored the death toll on California's highways over the Labor Day weekend, but praised the highway patrol for strict enforcement which he said prevented an even higher toll.

Barry Pledges U.S. Again To Lead World

SAN DIEGO (UPI)—Republican presidential nominee Barry Goldwater today pledged himself and his party to "restoration of the United States as the world's leading power and the prestige that should go with it."

Goldwater made the statement to several hundred persons who greeted him at Lindbergh Field here. He was beginning his first intensive campaign swing—a 4,350-mile trek up the West Coast and across the northern tier of states to Chicago.

Taking note of a heavy sprinkling of young people in the airport reception crowd, Goldwater suggested that they pitch in to convince their parents that the nation needs "a president that thinks about freedom and not just the material things in life."

After coming back for one day's work after Labor Day, employees of city, county and state offices will again stay home tomorrow to celebrate the 114th anniversary of California's admission into the Union.

But growing work loads on their desks may cause some government aides and many businessmen to spend at least part of the week's second holiday at the office.

Federal employees, however, will put in a full work day, and mail delivery will be normal, since the California celebration is not on the U.S. government's list of official holidays.

Parking meters in San Rafael and Mill Valley will not be patrolled. But Sausalito police warned motorists they will consider it "just another day" as far as feeding meters is concerned.

The San Rafael Chamber of Commerce said nearly all banks and other financial institutions will close, but most retail outlets, and virtually all grocery stores, are expected to remain open.

Atlantic Coast Missile Site In Path Of Hurricane Dora

MIAMI (UPI)—Hurricane Dora threw a massive shadow over 550 miles of the Atlantic Coast today with the center of its 125 mile an hour winds aimed on an unswerving course at Cape Kennedy's missile towers.

Civil defense and military authorities sprung into action with orders to prepare for a natural disaster—a "condition three" alert. Residents of threatened coastal areas were slower to react but batten down operations were expected to go into high gear from Palm Beach, Fla., north to Myrtle Beach, S.C., this afternoon.

Besides carrying a 235-mile wide front of hurricane force winds, Dora pushed mounting tides and huge ocean swells toward the beaches. Forecasters predicted highest tides, would reach 10 feet above normal high water marks.

"All persons in low coastal areas from the middle east coast of Florida to Georgia and South Carolina should take the necessary action to protect themselves against these tides," weathermen warned. "Persons where access roads would be flooded should move to places of safety today."

The nation's space center at Cape Kennedy began batten down for the second time in less than a month. Five rockets were ordered removed from their launch pads.

Dora was centered 300 miles east of Cape Kennedy this morning, near latitude 28.6 north, longitude 75.5 west.

"It is moving toward the west at 15 MPH and is expected to

continue this course and forward motion today and tonight," the weather bureau said.

A midday advisory extended warnings as far south as Palm Beach. Hurricane warnings flew from Melbourne, Fla., 25 miles

south of Cape Kennedy, to Brunswick, Ga.

Gale warnings flew as far north as Myrtle Beach, S. C. Tides of about five feet above normal were forecast all along much of the coast.

Three Felony Charges Filed In Road Deaths

Three felony charges, including two counts of manslaughter, were filed today against Donald B. Still, 39, Marinwood motorist involved in an Aug. 24 head-on auto collision on Redwood Highway in which two young San Francisco women were killed.

W. L. Mackey, Marin County deputy district attorney, said one count of manslaughter was filed in each death. The third charge is felony drunken driving.

Mackey said bail was not immediately set but Still will be notified by mail of an arraignment date on the charges, to be held probably within 10 days.

Killed were Carol Florence Fay, 23, former Kentfield resident, and Diana Alice Bullard, 21, formerly of Petaluma. The victims were roommates in San Francisco, where Miss Bullard recently completed work for a bachelor's degree at San Francisco State College.

Seriously injured was a companion of the girls, Shirley Jean Tietjen, 22, of 10 Corte Cayuga, Greenbrae, who suffered broken ribs, internal injuries, and cuts of the face and legs. She was released from Ross General Hospital on Sept. 5.

Mackey said the drunken driving charge against Still was lodged in the injury of Miss Tietjen.

Also injured were Still, 53, Unionstone Drive, who suffered face cuts, and three occupants of a third vehicle which struck the wrecked car of the three young women. The injured trio were Mrs. Sara Young, 34, San Francisco, and her two sons, Carlos, 3, and David, 5. They were passengers in the car driven by the husband and father, Carlos Alberto Young, 34, who escaped unhurt.

Investigating officers said the three young women in a car driven by Miss Bullard had topped St. Vincent's Hill and were headed toward the Marinwood overpass when Still's car entered the highway northbound, veered across the divider strip and hit the left front wheel of the Bullard car.

East Germans To Allow Visits

BERLIN (UPI)—East German Communist leader Walter Ulbricht announced today that elderly East Germans will be allowed to pass through the Berlin wall for visits.

He said his government has told the Interior Ministry to allow visits of persons 65 and older to their relatives in West Berlin and West Germany.

Four States Are Holding Primary Vote

Gubernatorial Nominations Have Spotlight

By U.P. INTERNATIONAL

Voters in four states cast ballots in primary elections today. Key interest centered on the outcome of heated gubernatorial nomination battles.

The voting was taking place in New Hampshire, Vermont, Wisconsin and Colorado. There were Republican contests for the governorship nomination in New Hampshire and Vermont, governorship scraps in both parties in Wisconsin. Interest in Colorado was confined to the congressional level.

Pre-election forecasts were that approximately 1.5 million voters would turn out.

The top contests included: **New Hampshire:** Six GOP rivals seek the governorship nomination while incumbent Gov. John W. King, first Democrat to hold the post in 40 years, was unopposed. The Republican contenders were former Gov. Wesley Powell, former nominee John Pillsbury, former Manchester Mayor John C. Monahan, Albert Levitt of Hancock, Walter Koenig of Concord and Elmer Bussey of Salem. The winner is expected to be either Powell or Pillsbury.

Vermont: Three Republicans are bidding for the gubernatorial nomination and the chance to oppose Gov. Philip H. Hoff who two years ago became the first Democrat to win the state's highest office in 109 years. Seeking the GOP nomination were J. Gov. Ralph A. Foote of Middlebury, former Lt. Gov. Robert S. Babcock of South Burlington and Rep. Roger L. MacBride of Halifax. Foote is the favorite.

Wisconsin: On the Democratic side, Gov. John Reynolds is being challenged by Dominic Finzi, prominent Milwaukee criminal lawyer. On the Republican ballot, Warren Knowles who has the state party's endorsement is opposed by Milo Knutson, mayor of La Crosse who is running as a Goldwater conservative.

Colorado: The main contest is for the Republican nomination for Congress in the fourth district where State Sen. Ed Lamm of Grand Junction and Gordon Weller, executive vice president of the Uranium Institute of America, were fighting it out. The winner will oppose incumbent Rep. Wayne Aspinwall in November.

Women Will Attend Ecumenical Council

CASTEL GANDOLFO, Italy (UPI)—Pope Paul VI today shattered 20 centuries of church history and announced that women will be allowed to attend the third session of the Ecumenical Council opening next week.

The pontiff disclosed the move in informal remarks following a special mass for local nuns at the summer papal residence here. He said a "few" representatives of women's religious orders and women's international catholic organizations will be allowed to attend council debates regarding their role in the church.

He made it clear that they would be only observers and would not take an active part in the Latin debates in St. Peter's Basilica.

Never before has a woman set foot in an Ecumenical Council, the first of which was held in 325 A.D.

The pontiff said women will be allowed to attend council meetings "at which questions being debated may particularly interest the life of women."

British Labor Campaign Starts

BLACKPOOL, England (UPI)—Labor Party leader Harold Wilson has promised Britain a "great adventure" under a Socialist government.

Wilson kicked off his party's campaign for this fall's election in a speech yesterday to the Trades Union Council, the British equivalent of the AFL-CIO.

The Labor party leader pledged "opportunity for all our children to break through man made barriers of privilege and snobbery."

Schools Open But Whites Stay Away

FARMVILLE, Va. (UPI)—Rural Prince Edward County reopened its public schools for the first time in five years today with virtually every white student in the county boycotting the classes.

Only three white children enrolled with about 1,600 Negroes in one high school and three elementary schools.

The majority of Prince Edward's white students chose to remain in private, segregated schools which were set up in 1959 when the county closed the public schools to avoid integration.

The reopening of the public schools ended a five-year public education blackout which saw most of the Negro students in the tobacco-growing area about 70 miles southwest of Richmond go without formal schooling.

Russ Economist Calls For Profit

MOSCOW (UPI)—Communist economist Lev Leontyev yesterday put his stamp of approval on profits.

Writing in Pravda, the communist party newspaper, Leontyev said profit-making assures efficiency. He also called for less outside interference in managing factories.

"What we need is a unique factor evaluating activity, and this factor should be the profits of a plant," the economist said. He called for a shift from "administrative directives to economic methods of plant management."

WIRE NEWS BRIEFS From Everywhere

Riots Rained Out In Oregon

SEASIDE, Ore. (AP)—A drenching rain apparently washed out another round of rioting yesterday by youths in this coastal resort community of 3,800 residents.

There were brief clashes between police and a group of young people, estimated at about 700 strong, Saturday and Sunday nights in what appeared to be the third renewal of Labor Day rioting since 1962.

World War II Holdouts Sought

AGANA, Guam (AP)—Military and civilian authorities in Guam are searching for two Japanese World War II holdouts in an area where fresh footprints were discovered yesterday.

Officials said the pair are still hiding in the jungles 20 years after recapture of Guam by the Americans.

Guam police said, however, that the prints could have been made by farmers living within a half mile of the area.

Searchers have distributed leaflets in Japanese urging war stragglers to come out of hiding. Police in Guam believe the bearded and bedraggled soldiers are hiding in the jungles where the Japanese made their last stand.

Makarios Seeks Russian Aid

NICOSIA, Cyprus (AP)—President Makarios will send a delegation to Moscow this week to seek concrete terms for the Soviet offer of aid to the Greek Cypriot government.

The Greek Cypriot president called for Soviet military aid last month after Turkish war planes attacked Greek Cypriot positions. He has also asked the United Arab Republic for help.

The Soviet Union is reported to have offered Makarios 30 million dollars in economic credits and to have left the way open for discussion of Soviet military aid.

DAYS OF STEAM — This engine and tender made during two years of careful work by Arthur G. Anderson of San Rafael is among the new exhibits at the Marin County Historical Society Museum. The engine

can be fired up and put to work. Parker Wood, museum curator, shown here polishing the cab, reports that a new exhibit on Sir Francis Drake is also attracting much attention.

Steam Engine Display Is Popular At Museum

Two new displays at the museum of the Marin County Historical Society are attracting much attention, Parker Wood, curator, reports.

One is a working (live steam) model of a Central Pacific passenger train locomotive with tender, made by Arthur G. Anderson of San Rafael.

It took him two years to build the model locomotive, which he has presented to the museum. A special case has been made for the exhibit.

The Drake Navigators Guild, in which the late Adolph Oko, a director of the historical society, was most active has given the other exhibit to the museum. In a four foot high cabinet is the replica of the famous plate of brass, which Francis Drake nailed up to claim the land in the

name of the Queen of England.

Also in the case are accounts of Drake's voyage, picture of the white cliffs, which reminded Drake of England, a picture of his ship and one of Captain Oko. His widow was at the museum last Wednesday viewing the display and other exhibits.

Parker Wood believes some youngster visiting the museum took a small picture from the sewing machine, which was brought around the Horn by the Sweetser family. The picture which cannot be replaced, shows a woman working on the same make of sewing machine. He asks parents to assist in finding the picture.

A youngster would have no idea of its historical value, he says.

Things Jumping For New Beatle Fan Club In Marin

Things are going well for the new Marin County Beatle Fan Club, secretary Jean Halligan of San Rafael reported today.

Miss Halligan said responses from San Rafael, Fairfax and Novato have come through the mail since a story about the club appeared in the Independent-Journal last week. And the first meeting is tentatively scheduled for tomorrow.

Comedian Cosby Will Attend Demo Opening

Comedian Bill Cosby, television personality and nightclub entertainer, will make a special appearance at the opening of the Marin Democratic Headquarters in San Rafael Thursday night.

The grand opening, in the old PG&E building at Second and Brooks Street, will start at 8 p.m.

In addition to Cosby, a new comedy team, "Peter and Patty," will entertain with songs of political satire. "Patty" is Pat Carpenter of Novato.

Democratic candidates George McCabe for Congress, Vera Schultz for State Senate, and James Pockrus for Assembly will meet and talk with guests.

Voters registrars will be on hand to register anyone before the midnight deadline. There will be dancing to a live combo and refreshments.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body. This new healing substance is offered in *suppository* or *ointment* form called *Preparation H*®. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

Acquitted Klansmen Bailed Out

ATHENS, Ga. (UPI) — Two Ku Klux Klansmen acquitted on state charges of murdering a Washington Negro educator were released under \$25,000 bonds today.

Joseph Howard Sims, 41, and Cecil William Myers, 25, were being held on federal warrants charging them with conspiracy under the new civil rights law.

A U. S. commissioner said the bond of \$25,000 each was posted this morning for Sims and Myers and they were released.

A jury in neighboring Madison County acquitted the two Friday night in the death July 11 of Lemuel Penn, a Negro educator and Army reserve officer. Penn was killed as he drove along a rural north Georgia highway en route home from a tour of duty at Fort Benning.

Sims and Myers were transferred from Danielsville to Athens yesterday. A federal grand jury probably will look into the conspiracy charges in February.

Three of the first four houses in Chevy Chase, Md., still stand.

Sister, Brother Win Again At State Fair

The McClelland children of Novato have turned up winners again at the California State Fair this year with a reserve champion in the 4-H Club dairy cattle competition.

"Echo," a Holstein-Friesian owned by Saralee McClelland won first place for females four years and older and then went on to take the reserve championship.

The same cow won second place last year at the state fair and two years ago won first place at the Sonoma-Marín District Fair at Petaluma.

Saralee, 16, daughter of Mr. and Mrs. Robert McClelland of 495 Olive Avenue, Novato, also won a fourth on her junior yearling bull at the Sacramento fair.

Her brother, George, 12, took fifth place on his two year old heifer.

Fire In Slums

SALVADOR, Brazil (UPI) — Soldiers and marines were called out over the weekend to help firemen fight a blaze in a Salvador slum which killed at least two persons and injured more than 60.

County in the 4-H Club livestock competition at the state fair were: Terry E. Tomasini of Nicasio, second place for female summer yearling shorthorn beef cattle, and Bob Parks of Tomales, third for pen of two ewe lambs and third for a flock and second for get of sire in Suffolk sheep.

Two U.S. Jet Planes Crash

TOKYO (AP) — Two U.S. jet fighter planes crashed southwest of Tokyo today, killing one pilot and three Japanese factory workers.

An F-8 Navy Crusader piloted by Lt. R. C. Scheeder, Rochester, Minn., crashed while taking off from Atsugi Naval Station about 40 miles southwest of Tokyo. It plowed into a small factory, killing three workers and injuring four other Japanese.

About an hour earlier an Air Force F-105 crashed on the banks of the Sagami River near the Atsugi station. The body of the pilot, whose name was withheld, was found in the wreckage.

TV Networks Turn Down AMA's Ads

NEW YORK (AP) — The three national television networks today confirmed published reports that they refused about \$750,000 in revenue offered by the American Medical Assn. for one-minute commercials dramatizing AMA opposition to the Johnson administration's medical care plan.

Spokesmen for the National Broadcasting Co., the Columbia Broadcasting System and American Broadcasting Co. all said it was against network policy to sell a minute of time for a controversial issue.

They noted that such was not the case for political campaign commercials or any issue involving the electorate—such as an impending referendum.

The AMA hired Fuller and Smith and Ross, Inc., New York advertising agency, for the television phase.

Arthur B. Duran, an executive of the agency, said the AMA probably will attempt to place the proposed advertising on local stations.

State Dept. Denies 'Deal' With Soviets

WASHINGTON (UPI)—The State Department denied today the United States has any agreement with Russia not to take action against Cuba.

The denial was in reply to a charge by Republican vice presidential candidate William E. Miller that the Democratic administration had made a sworn agreement with Moscow that it would not take action against the Fidel Castro regime.

"Any suggestions that there has been a secret agreement is

untrue," State Department spokesman Robert J. McCloskey told a news conference. "There is no such agreement, secret or otherwise."

John Scali, an ABC network reporter, who had been listed by Miller as the source of the information, issued a written denial of his own. Scali said he had not discussed the matter with Miller or his staff and had never said or written that there was such an agreement.

Earlier, Democratic congressional leaders disputed Miller's charge.

The leaders made their comment after discussing the legislative outlook with President Lyndon B. Johnson at the weekly White House breakfast.

Sen. Hubert H. Humphrey, the Democratic vice presidential nominee, declared: "Mr. Miller speaks for himself. He obviously does not know much about what the government of the United States has been doing."

Senate Democratic leader Mike Mansfield added: "I'm sure he (Miller) is not aware of the facts."

When asked if the statement was false, Speaker John W. McCormack said with a smile: "It's inconsistent with the truth, to say the least."

Ranch Land Being Bought By Stamps

For 444 books of Blue Chip trading stamps one can purchase an acre of land for the Audubon Canyon Ranch on Bolinas Lagoon — for the Marin Audubon Society.

Such a project has been started by the Ross Valley 4-H Club, Lorelyn Youngclaus, chairman of the committee, said today.

The club decided to buy an acre, which costs \$800, last spring after a visit to the ranch on Bolinas Lagoon. It has not met during the summer and so the exact number of books collected is unknown. However, several have been collected, Miss Youngclaus said.

The San Rafael Kiwanis Club has collected several books toward the project, too.

The Audubon Society has an option to purchase the land.

Persons wishing to contribute stamps, said Miss Youngclaus, may send them to the Ross Valley 4-H Club, in care of Agricultural Extension Service, Civic Center, San Rafael. The club will be named a sponsor of the ranch when it has collected the 444 books.

Miss Youngclaus, 19, is a daughter of Mr. and Mrs. Bryan L. Youngclaus of 10 Court Lane, Fairfax.

Senator Asks State Probe Of Cyclists

MONTEREY (AP)—Sen. Fred S. Farr is calling for a statewide investigation of the black-jacketed motorcycle club which calls itself Hell's Angels.

The cyclists were run out of Monterey Sunday after the gang rape of two Seaside girls, 14 and 15 years old, on Marina Beach.

A posse of police officers from surrounding communities escorted the motorcycle riders out of the county.

Four of them were arrested on charges of rape and were released on bail of \$1,000 each. Farr, of Carmel, sent a telegram to Atty. Gen. Thomas C. Lynch, asking for an investigation.

"I think we ought to know more about this group—who the members are—how they act," he said later. "We ought to have a statewide intelligence file on them to protect our people."

Police Chief Frank Marinello said "Their leaders lost control of the members once they started drinking."

Newspaper Promotes Ex-Marin Resident

Roger A. Hammer, 29, son of Mr. and Mrs. Paul A. Hammer of 156 Moringsun Avenue, San Anselmo, has been named assistant news editor of the Mobile (Ala.) Press Register.

Hammer, who attended College of Marin and received a degree in journalism from University of California at Berkeley, worked part-time for the Independent-Journal's sports department in 1953. Earlier, he worked as a I-J news carrier. He has been a reporter and copy editor for the Press Register.

Girl Opens Door Of Car, Gets Bump

A 3-year-old Woodacre girl suffered a large bump on the head yesterday when she opened the back door of her mother's moving automobile and fell out onto Sir Francis Drake Boulevard in San Anselmo.

Debbie Bauer, daughter of Mrs. Betty Bauer of Box 143, Woodacre, was treated for head bruises and released at 4:30 p.m. at Marin General Hospital. Police said the accident happened near the intersection of Sir Francis Drake Boulevard and Safford Avenue.

Two Youths Held For Car Theft

A pair of Marin County youths were arrested for car theft in Sonoma County last night before the San Rafael man whose car they were driving even knew it had been stolen.

San Rafael police were notified by the California Highway Patrol in Santa Rosa that it had booked the youths in Sonoma County Juvenile Hall.

Police notified Alan Kay of 19 Dorian Way, who the highway patrol said owned the stolen car. Kay, who had left the auto at a San Rafael service station, was unaware it was not still there.

The patrol said the youths admitted taking the car from the station, and were being held for prosecution in Sonoma County.

One youth is from Kentfield, the other from San Anselmo. Police here did not know their exact ages.

Theft Charges Brings Marinite Home To Jail

San Anselmo police yesterday jailed a Fairfax man, accused of passing more than \$2,000 in forged checks, grand theft, and parole violation, after he was arrested in Carson City, Nev.

Raymond Leroy Wiley, 33, of 144 Dominga Avenue was arrested in Carson City by the Ormsby County sheriff's office while attempting to cash a check at a gas station, said Sam N. Serio, assistant San Anselmo police chief.

Wiley was sought by San Anselmo Police for worthless checks totaling more than \$2,000, said Serio. He was also wanted by San Francisco police on an auto theft charge, and by the California Adult Authority for parole violation, said Serio. He was returned from Nevada by Sgt. Raymond Velati of San Anselmo police, and booked in Marin County Jail in \$5,000 bail.

Thief Cleans Out Laundry

Someone climbed through an open rear window at the La-Fargue French Laundry and Dry Cleaners Inc., 1110 Third Street, San Rafael, last night, cleaned off several hangers of clothing, then left a tell-tale piece of evidence behind.

San Rafael police said they would not have an inventory of the stolen items until the firm checked with some of its customers.

Held for evidence was a small transistor radio which police found next to the building entrance this morning.

Pollution Hearing

Bay Area Air Pollution Control District has set a hearing for Adam Jackson, owner of Bay Auto Wreckers at Richardson Bay on Highway 101, for Oct. 8 at 10:30 a.m. Jackson was ordered to appear before the board because of the large number of fires which occur at his wrecking yard, according to Hulan Brinkley, senior district engineer.

Boy Saved In Muir Beach Cliff-Hanger

A 12-year-old Tamalpais Valley boy was rescued from a 500-foot cliff at Muir Beach yesterday afternoon after being stranded 200 feet above the beach for about two hours.

Harry C. Pelouquin, son of Mr. and Mrs. Charles Pelouquin of 120 Spring Drive, began hiking to the beach with four friends at 11:30 a.m.

When they arrived about 1:30 p.m., Harry and two other boys began climbing a cliff on the Green Gulch Ranch owned by George Wheelwright.

Harry climbed until he was unable to go further, then suddenly realized that he could not return to his friends on the beach.

The boys called the sheriff's department shortly after 3 p.m. for help. Three deputies and a five-man rescue unit from the Marin County Fire Department's Point Reyes substation, headed by Chief Louis J. Bloom, drove to the beach.

A harness hitch was lowered to the boy from the top of the cliff 300 feet above him and the boy was hoisted to safety.

The youngster was unhurt but hungry and cold after his experience.

HOLIDAY

trict, who went back to school today, will stay home tomorrow. Most other districts will start classes Thursday.

With most people still recuperating from the long weekend just past, no large-scale public celebrations have been planned in Marin. Most ambitious such activity in the Bay Area will be a parade climaxed five days of conventioning by the Native Sons of the Golden West, who have been having their annual get-together in Fairfield, Solano County.

Peacock Gap Concours Set Sept. 27

The second annual Concours d'Elegance will be held at Peacock Gap Country Club Sept. 27.

The event is sanctioned by the Sports Car Club of America, San Francisco Region, and is sponsored by the Marin Circle of the Florence Crittenton Home, San Francisco.

Cars on display will fall within 21 different classes, including antique, vintage, classic, custom and sports cars. Special classes have been set up for both Packards and Rolls Royce.

In addition to privately owned cars there will be a display this year of new imports and 1965 models of domestic cars.

The display will be open from 11 to 4 p.m. Tickets are available at Peacock Gap Country Club.

Husband Is Arrested After Shots

Edwin Louis Marshall, 58, of 130 Laurel Grove Avenue, Kentfield, was arrested last night after allegedly firing two shots in the family home because his wife locked him from her room.

He was booked in Marin County jail on a charge of assault with a deadly weapon.

Sheriff's officers said the wife, Georgia, told them she retired about 10:50 p.m. after locking her bedroom door. She said a few minutes later Marshall learned the door was locked took a .38 caliber pistol and fired the two shots through the door.

No one was hurt. Marshall remained in jail at noon today in lieu of \$2,750 bail.

'Sister Day' Set At High School

The Associated Girl Students at Terra Linda High School have scheduled their annual "Big-Little Sister Day" for tomorrow. New girl students will each be assigned to a senior girl for a "get acquainted" session from 1 to 4 p.m. at the school. There will be a meeting at the school amphitheater for a talk by the girls' group's president, Pam Titus, and the day will close with a swim party at the school pool.

Dropped Billfold Leads To Arrest For Assault Try

Vincent John Frank Jr., granted probation after his arrest last January as the "Tamalpais Valley prowler," was jailed today on a charge of attempted rape.

The screams of a 19-year-old Tamalpais Valley girl routed a man who had entered her bedroom shortly after midnight and

from the flames in her apartment. Mrs. Plohn later was taken to San Rafael General Hospital for observation. She was reported in good condition today, suffering from the excitement of the fire.

The two duplexes were of wood frame construction with wooden shingles. They are located side by side on the hillside between Mar East Street and Paradise Drive. Each apartment has an upper and lower level, with bedrooms below.

The Mahans resided at 2323 Mar East and the three women at 2321 Mar East, in the duplex to the east. The three men resided at 2319 Mar East and Miss Plohn at 2317 Mar East, in the building to the west.

Firemen were called at 11:55 p.m. by Ed Rossi of 2370 Paradise Drive, whose house is directly above the duplexes.

Firemen fought the fire from a hydrant and trucks on Paradise Drive, as Mar East Street below is a one-way street heading toward Tiburon. The Rossis fed the firemen coffee as they fought flames which had engulfed the east duplex by the time they arrived, Fire Chief Buscher reported.

One duplex is owned by Edward R. Rice III of Belvedere; the other, by Rice's step-father, Alexis C. Becker, of Belvedere.

Rice estimated that each duplex was worth \$45,000 to \$50,000, excluding the land on the site overlooking Racon Straits. The buildings are about seven years old.

Twenty-one Tiburon firemen fought the blaze with four trucks. In addition, the Belvedere Fire Department aided with an emergency truck providing additional portable lights. Trucks from Belvedere and Alto fire departments stood by in case of another fire in Tiburon.

No Objections Received For Bay Fill Plans

The Army Corps of Engineers has received no objection to two proposed bay fill projects in the Tiburon vicinity, and a corps spokesman said today that permits will be issued soon.

One job is proposed by Eichler Homes, Inc., of Palo Alto which plans dredging and filling on the east side of Strawberry Point in connection with the Harbor Point development approved by Marin County supervisors last May.

Another job is proposed by the State Division of Highways which plans to fill for highway right of way along the west side of the Tiburon Peninsula between Trestle Glen Road and San Rafael Avenue.

The Army considers only objections made on navigational grounds.

Camera Equipment, Cash Is Stolen

Someone cut a hole in a bedroom screen to enter the home of Kent S. Seymour at 1436 Grand Avenue, San Rafael, over the weekend, stealing \$375 worth of camera equipment and \$150-200 in cash, he told police last night.

Seymour said a \$180 telephoto lens, a \$125 German-made camera and a \$70 flash attachment were among the missing items.

Board To Consider Adding School Room

Trustees of the Reed School District will meet at 8 p.m. today at Del Mar School.

Included on the agenda is consideration of adding a class at Tiburon School to cut down the number of children in present first and second grade classes, and consideration of minutes of the Mill Valley and Sausalito school districts in relation to alleged "de-facto segregation" in Sausalito district.

Belvedere Meeting

The Belvedere City Council will meet at 8 p.m. today at the community hall to discuss annexation to the Tiburon Sanitary District, consider citizens comments on traffic tickets given as a result of the change in routing at Cove Road, and hear a report on water main deficiencies.

attempted to rape her, threatening to kill her if she did not submit.

Left behind in his flight were a package of cigarettes and a billfold, which apparently fell from his pocket. Frank's identification was in the billfold.

Frank, 23, of 408 Pine Street, was arrested last Jan. 3 and the following day pleaded guilty in Marin Municipal Court to charges of prowling and drunkenness. Sheriff's Inspector Guido Battaglia said at the time Frank had admitted he was the prowler who terrorized three women on the night of Jan. 2, and admitted peeping into at least five homes.

Tamalpais Valley women had been terrorized by a prowler for a month preceding Frank's arrest.

Judge Leonard T. Thomas placed him on three-year probation on Feb. 6. He was held without bail today on charges of burglary, assault with intent to commit rape, and parole violation.

The girl told sheriff's officers the man entered her second-story bedroom as she lay sleeping about 12:10 a.m. He grabbed her and told her to lie still and submit or he would kill her. "I killed an Oakland woman because she resisted," the girl quoted him.

The girl screamed. Her mother, in an adjacent bedroom, and neighbors were awakened by the screams. The assailant fled.

Deputies said Frank had been drinking in a Mill Valley tavern yesterday afternoon and left home after an argument with his father. He was arrested at his home after the billfold was found lying on the girl's bed.

Cyclist Is Killed By Patrolman

OAKLAND (AP)—A motorcyclist was shot and killed by an Oakland motorcycle patrolman after the pair participated in a wild, grim chase through the Oakland hills.

The patrolman, Henry Otto, 36, said the victim had twice tried to run him down with his cycle. The second time John Giambruno, 30, of Oakland aimed his bike at the patrolman. Otto fired three shots. One bullet struck Giambruno in the shoulder, apparently angled toward his heart and killed him.

Otto said he saw Giambruno and a cycling companion, Edward John Hensen, 21, also of Oakland, pass yesterday afternoon on machines without license plates. Otto stopped the pair and asked to check their bikes. Hensen complied, but Giambruno fled.

Otto chased Giambruno about four miles through the twisting foothill roads. Otto said Giambruno twice made quick U-turns, each time aiming his bike at the patrolman.

Man Breaks Leg In Fall

A 59-year-old San Rafael man suffered a broken left leg when he slipped on gasoline and fell in the driveway of a service station near his home at 5:48 a.m. today.

Ralph E. Pherson of 1111 Lincoln Avenue was treated at San Rafael General Hospital, then transferred to Kaiser Hospital, San Francisco.

Police said Pherson fell at the Regal Station at Fifth and Lincoln avenues. An attendant told officers he used gasoline to clean the station's driveway when he was unable to find the lye he ordinarily uses.

Novato Youth Joins Air Force Reserve

William J. Wright, son of Mr. and Mrs. Joseph W. Wright of 2478 Vineyard Road, Novato, has enlisted in the Air Force Reserve at Hamilton Air Force Base.

Following his basic training at Lackland Air Force Base, Tex., he will be assigned to Hamilton for four months of training. After that he will train one weekend a month with the 349th Troop Carrier Wing.

Boy, 6, Runs Into Truck; Fatally Hurt

YOSEMITE NATIONAL PARK (AP)—A 6-year-old Fairfield boy was injured fatally yesterday when he ran into the side of a Forest Service truck on Happy Isles Road.

Park officials said the victim was Fritz Lorenz Jr. He and his parents, Mr. and Mrs. Fritz Lorenz, and an older sister were camping.

OBITUARIES

Gerald Dey Davis Dies; Rites Set

Gerald Dey Davis, 43, Sequoia Road, Fairfax, a native of Marin, died yesterday at his home after a sudden illness. He was 31.

Davis complained of a headache yesterday morning and went to bed. His wife, Paula Sides Davis, found him at 10 a.m. and called a resuscitator crew from the Fairfax Fire Department, according to Asst. Coroner William C. Bradley.

Results of an autopsy are pending completion of laboratory tests. Bradley ruled the death natural.

Davis was much in the sports news during his days at Tamalpais High School where he was a star basketball player. He also was an outstanding trumpet.

He served as an Army bandsman in Korea, attended College of Marin and received a degree in civil engineering from Head's Business College in San Francisco. He worked for the state as an engineer.

In addition to his wife, he leaves three daughters, Rae Ellen, 6, Mary, 4, and Sarah, 2; his parents, Mr. and Mrs. Raymond C. Davis of San Francisco; three sisters, Mrs. Lillas Davis of Fremont, Alameda County; Mrs. Welda Butterfield of Junction City, Trinity Coun-

San Rafael Woman, Son Are Missing

A San Rafael woman and her 13-month-old son were reported missing last night.

Ernest C. Carson of 16 Latham Street told police his wife, Ingeborg, left their home late Saturday night, taking their son, Rolf.

Police said Mrs. Carson has blonde hair and blue eyes, is five-feet six-inches tall and weighs 128 pounds. She was last seen wearing a multi-colored dress, a tan trench coat and white shoes.

The woman, whose age police did not state, is four months pregnant.

Police believed she may have returned to Vancouver, B.C., from which the family moved a short time ago.

She carried \$200-250 in cash, her husband said, but did not take the baby's stroller, carriage or milk bottles.

Annex Election Might Be Called

Terra Linda Community Services District directors may call at their meeting at 8 p.m. today at the community center for an election on the proposed Knocknabou annexation to the district.

Costs of the election would presumably be shared with the Terra Linda Recreation and Parks District, which also is seeking to annex the area. A postcard straw vote showed that a slight majority of residents favored annexation to both districts.

The board is also scheduled to discuss landscaping needs and parking on Manuel T. Freitas Parkway.

Q.

Why give your favorite student a
good pen when he'll just lose it?

A.

Parker won't let him lose it.
If he does, it will be replaced*

* **SPECIAL REPLACEMENT OFFER:** If you buy your
favorite student a Parker 45 (the \$5 model) between
now and October 17, 1964, he can protect it against
loss for one full year at no extra cost. He registers
its purchase by mailing one-half of the Parker 45
Registration Certificate to the insurance company
listed on the certificate. Then if the pen is lost, the
insurance company will replace it at no charge. All
he has to do is mail the other half of the certificate,
properly notarized before December 31, 1965 and
describe how the pen was lost.

Here's why this is such a good pen for a student:
IT'S CONVERTIBLE. Load it with a cartridge or re-
place the cartridge with the ingenious little "con-
verter" (95 cents extra) and fill it from an ink
bottle. The 45 is the only pen that fills two ways.
SOLID 14K GOLD POINT. Choice of seven widths
from extra-fine to extra-broad. And we can replace
points right on the spot.

THERE OUGHTA BE A LAW

THE FAMILY CIRCUS

9-8
1964, The Register and Tribune Syndicate
T. M. Reg. U. S. Pat. Off.

"NOW can we play with his toys, Mommy?"

ALMANAC

Today is Tuesday, Sept. 8, the 252nd day of 1964 with 114 to follow.

The moon is approaching its first quarter; the morning stars are Jupiter, Venus and Mars; the evening star is Saturn.

Those born today are under the sign of Virgo.

Bohemian composer Anton Dvorak was born on this day in 1841.

On this day in history:

In 1565, the first permanent settlement of Europeans on what is now the continental United States was founded at St. Augustine, Fla.

In 1855, the Crimean war ended.

In 1900, some 6,000 persons were killed when a tornado and tidal wave struck Galveston, Texas.

In 1934, the U.S. liner Morro Castle burned off Asbury Park, N.J., taking 137 lives.

A thought for the day: General Douglas MacArthur once said—"It is fatal to enter any war without the will to win it."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; bold-face type indicates p.m. times.

Weaver Pamela Stearns' husband, Richard D. Stearns, goes right on sketching model Sharon Laron at the Sausalito Art Fair at Central School while officials present top prize to his wife. The prize, a flight to Monterey for two, was presented by L. D. McFadden (left), sales representative of

Pacific Airlines, and Sausalito Mayor Jan Paul Dyk. Joan Wachtman (right) won the seascape prize from the Spinnaker restaurant for her painting. Annex Plan Approval Is Expected

The 120-acre Pacheco annexation proposal for the City of Novato is expected to be approved by the Local Agency Formation Commission at its meeting at 8:45 a.m. Thursday.

Commission executive officer John F. Barrows said today, however, that he will recommend against any further extension south by Novato. He wants to see all land in the Gallinas watershed reserved, for possible eventual annexation to the City of San Rafael.

The Pacheco land, including Pacheco Hill, lies just south of Hamilton Air Force Base and is uninhabited, with an assessed valuation of \$67,850.

The Novato annexation is one of five boundary changes to be considered by the commission at

its Thursday meeting at the Civic Center.

The only other annexation to a city included is the Cochran and Hernandez annexation to Mill Valley, 11 acres between Edgewood and Cypress avenues, now uninhabited and requiring city sewer services.

Other proposals are annexation of three-fourths of an acre south of North San Pedro Road next to the Blessed Sacrament Catholic Elementary School to the Las Gallinas Valley Sanitary

District, and three-fourths acre on Wilson Avenue south of Center Road and three-fourths acre on Virginia Avenue between Grant Street and Villa Place, both to the Novato Sanitary District.

Before silver was mined in the United States, owners took silver articles to a mint, and had them melted down and coined.

Marin News Gets New Acting Editor

Mrs. Betty Frost of Belvedere has taken over as acting editor of the Marin News in Sausalito while a permanent editor is sought, Chester O. Badgley, manager, said today.

Badgley said Dick Christian, former editor, has resigned and taken a job with a public relations firm in San Francisco.

Ross Woman Injured In Highway Smashup

Elizabeth Lewis, 39, of Ross, suffered a left ankle fracture and scalp cuts when she was thrown from her car yesterday as it skidded off Highway 101 and rolled down an embankment.

Miss Lewis was driving north about 12:35 p.m. and had just passed the crest of the Alto Hill when her car went into a skid. It skidded about 200 feet on the road and rolled down an embankment near the H. Koch and Sons, Inc., luggage factory, the California Highway Patrol reported.

Miss Lewis is employed as a housekeeper on Lagunitas Road in Ross, where she also lives. She was reported in good condition today at Marin General Hospital.

Nixon's Famous Dog Checkers Succumbs

NEW YORK (AP) — Checkers, former Vice President Richard M. Nixon's famous dog, is dead.

The 12-year-old black and white cocker spaniel, which gained national attention in a telecast in 1952, died Sunday.

Frederick G. Rackey, 29, 121 Piper Court, Fairfax, suffered cuts and scrapes of his left ankles yesterday at 3:15 p.m. when his motorcycle went off Sir Francis Drake Boulevard near its intersection with the Olema Road.

Korla Pandit, 43, of 172 Morningside Drive, San Anselmo, had just driven through the intersection, coming from the Olema Road when he saw Rackey's motorcycle skid behind his car and go into the ditch, he told highway patrolmen. Rackey was treated at Marin General Hospital.

Convictions In Tax Cases Increase

WASHINGTON (AP) — The Internal Revenue Service says it obtained a record 1,559 tax case convictions in the fiscal year which ended last June 30.

In a statement issued yesterday, it said these convicted were given prison sentences totaling 354 years and fined more than 3 million dollars. The previous fiscal year there were 1,293 convictions.

DON'T YOU OWE YOURSELF A LITTLE SOMETHING, TOO?

HERE'S HOW CITIZENS FEDERAL SAVINGS HELPS YOU PAY YOURSELF

Saving is like dieting. Hard to stick to, but worth it in the end. □ To help you stick to your savings plan, Citizens has developed the "Bill System." It works so well, it's a wonder no one thought of it sooner. □ Each month, Citizens sends you a "bill" for an amount you've decided on. Then when you pay your monthly bills, you pay yourself, too.

And all the stamps are on us, of course. □ It's tremendously satisfying when you pay yourself regularly and watch your savings grow—and earn substantial dividends. □ Come in to the Citizens office most convenient to you. We'll start "billing" you right away.

Better do it soon because savings received by the tenth earn from the first.

Giants, Mays Catch Fire; Play Dodgers, Phils Next

PITTSBURGH (UPI) — It's no coincidence that when Willie Mays breaks out of his slump, the San Francisco Giants do too. The great Giant center-fielder had seen his average skid down to the .300 mark, but he yesterday sparked San Francisco to a wild twin win over Pittsburgh by scores of 6-4 and 9-6.

The long afternoon of baseball did not end until 7:30 p.m. Pittsburgh time with only about a third of the 14,948 fans in the stands. St. Louis meanwhile took two from Cincinnati and Philadelphia split with Los Angeles. When the long day was done, the Giants were still in fourth, but the Reds, Cards and Giants all trailed Philadelphia by 6½ games.

ON A RAMPAGE
Homers by Mays and Orlando Cepeda sparked San Francisco's first win and then Mays pinch-hit his 41st blast with two aboard in the nightcap to put the Giants ahead to stay. Willie emerged at .303 with 41 homers, 107 runs scored and 96 runs batted in. Giant fans can only hope that Mays is off on another bat rampage.

But the afternoon had its sloppy side, too, with poor base-running, 16 walks, 3 errors, and 17

pitchers helping things in confusion. Gaylord Perry and Jim Duffalo teamed up on the day's most respectable hurling effort in the opener for the Giants. Perry moved his record to 10-9 by giving up two runs in the first and then holding the Bucs in check until the seventh when Duffalo came in.

The Giants got three in the first to send Joe Gibbon to the showers as Mays and Cepeda whacked fourmasters. Matty Alou, who also had a terrific day, slugged a bases-loaded single in the sixth for two more and Mays doubled in the seventh and went to third on an infield out and came home on Cepeda's sacrifice fly.

Roberto Clemente scared the Giants a bit with a two-run homer in the ninth, but Duffalo finally retired the Bucs to preserve the win. The nightcap was a sloppily-played affair which saw the Giants out-hit Pittsburgh, 17-14. Matty Alou got four hits to hike his average to .285 and Jimmy Hart's three hits got him up to .298.

PREGENZER WINS
Ron Herbel started and gave way to John Pregonzer, who gave up a two-run single that put Pittsburgh ahead, 4-2, after three innings. But Mays' belt put the Giants on top to stay in the fourth and San Francisco continued scoring off seven Pittsburgh pitchers while Bobby Bolin came on to slow Pittsburgh down a bit over the last 5½ innings. Pregonzer therefore got the victory. One high point for Pittsburgh was the hitting of Clemente, whose five hits hiked his average up to .343. San Francisco was idle today. Tomorrow the Giants open a two-game series against the Los Angeles Dodgers at Candlestick Park. Then Philadelphia moves in for a more-than-crucial three-game set.

Indians Ponder Move To Seattle

CLEVELAND (AP) — Will the financially troubled Cleveland Indians stay where they are or move to another home in 1965?

This is the question Indians' General Manager Gabe Paul plans to discuss within a month with his board of directors.

"We're going to hold a directors' meeting soon and make a decision," Paul said last night amid fresh rumors that the Indians would be moved, with Seattle, Wash., reported as the most likely destination.

"We'll take inventory and decide how much money we'll need. Then we'll decide about next year."

Paul said 10 or 12 cities have approached Cleveland about the possibility of moving but quickly added:

"I want to say flatly we have made no commitments to anybody. We want to stay here."

Paul, the American League club's biggest stockholder, was asked in an interview what will determine whether or not he keeps the Tribe here. He replied:

FIGHTING CHANCE

"We want to be certain we don't go broke here. We had to dig into our pockets last year to keep alive and the same situation prevails this year. All we want is a fighting chance to stay alive financially."

Paul was part of a 19-man syndicate which shelled out \$6 million for the Indians in November, 1962. He reportedly owns one-fifth of the 6,000 shares of stock.

William R. Daley, board chairman, is the second largest holder. A millionaire, he heads the Cleveland investment firm of Otis & Co. and led a syndicate which bought the club for a reported \$3.9 million in 1956.

Cleveland's attendance last season was 562,507, the lowest figure since 1945. Attendance so far this season amounts to 556,030, with 12 home games still remaining.

The Indians reportedly finished \$1.2 million in the red last season when they ended up in a fifth-place tie with Detroit. To date this season they reportedly have lost \$800,000 and may show a larger loss than last year.

To stay in business, Paul said, the Indians' season ticket sale must be much higher than the 2,800 for this year, which was below the year before total.

NATIONAL TENNIS

Ashe Virtually Clinches Berth On Davis Squad

By WILL GRIMSLEY

FOREST HILLS, N.Y. (AP) — If Arthur Ashe Jr., makes the grade as the first Negro to play in the Davis Cup Challenge Round for the United States, he wants to do it on his own — he asks no special favors.

"I don't want any special concessions because of the color of my skin," the articulate UCLA senior said today. "I want to be judged only on my tennis."

"I want nobody else carrying my burdens. If I win, I win for Arthur Ashe. The same goes if I lose."

The skinny, 21-year-old collegian, originally from Richmond, Va., virtually clinched a spot on the final four-man U.S. Davis Cup squad by beating teammate Marty Riessen of Evanston, Ill., in the third round of the national championships yesterday, 4-6, 6-3, 8-6, 2-6, 6-4.

He is rated the most likely playing substitute should anything happen to America's big one-two punch of Chuck McKinley and Dennis Ralston.

Ashe, who has beaten Ralston three times this year, said he would welcome an opportunity to face the Australians at Cleveland Sept. 25-27, but he wants to be judged strictly on his merits.

"If anything, people have been overly nice to me because I am a Negro," he said. "I don't like that. I want to be treated like everybody else."

The youngster said he was aware that there was a strong and vociferous Negro following in the wings, rooting him on to greater effort.

"I appreciate their interest," he added, "but I don't feel any special pressure. Nobody can win for me, nobody can lose for me."

Ashe wasn't the only Davis Cup hopeful to impress captain Vic Seixas in yesterday's matches at the West Side Tennis Club.

already in the fourth round after a 7-5, 6-3 triumph over Donna Floyd Fales of New York. Maria had trouble with her racket grip and served 12 double-faults.

A new American threat for the ladies' crown emerged in the person of a plucky coed from St. Louis, Carol Hanks, who eliminated fourth-seeded Lesley Turner of Australia 2-6, 6-3, 6-1.

The scrappy Miss Hanks, who plays on the men's varsity at Washington University in her home town, showed enough sharp tennis to beat anybody in the field. It's just a question of whether she can hold the form.

KELSO SCORES STUNNING VICTORY

Kelso (4), with Ismael Valenzuela up, nears finish line to defeat Gun Bow (right) by three-quarter length yesterday in the Aqueduct Stakes at New York's Aqueduct track. Kelso was all but counted out of the running in defense of his Horse of the Year title before yesterday's stunning victory over the odds-on favorite. Kelso paid \$6.40, \$2.60 and \$2.20. Gun Bow, Walter Blum riding, paid \$2.20 to place.

Dick Weber Captures Pro Pin Title

DALLAS, Tex. (AP) — Slen-der Dick Weber of St. Louis won his 13th Professional Bowlers Assn. title last night when he

walked away from the field in the \$21,000 Dallas Open.

Weber's margin of victory over second place Johnny Meyer of Houston was 174 pins. Weber's total was 9550 to Meyer's 9376.

Weber knocked down 8900 pins over the 40-game tournament route. He collected 650 bonus pins for winning 13 of his 16 games in the finals.

Under the PBA scoring system each victory is worth 50 points.

Although Weber has won 13 championships this was his first in almost a year.

The \$3,000 first place check which Weber collected hiked his money winnings for the year to \$15,775. This placed him eighth on the money list.

Finals standings: Dick Weber, St. Louis, 9550 —

\$3,000; Johnny Meyer, Houston, 9376 — \$1,500; Bill Tucker, Hollywood, Calif., 9316 — \$1,200; Dave Soutar, Detroit, 9250 — \$1,100; Jerry Hale, Richmond, Calif., 9206 — \$1,000; Roy Lown, Baltimore, 9087 — \$950; Tom Harnisch, Detroit, 9065 — \$900; Bob Strampe, Detroit, 9050 — \$850; J. B. Blaylock, El Paso, 8990 — \$800; Don Carter, St. Louis, 8968 — \$750; James Dunston, Fort Worth, 8907 — \$725; Jerry Matene, New Orleans, 8895 — \$700; Bill Buntetta, Fresno, Calif., 8857 — \$675; Bill Johnson, Kansas City, 8837 — \$650; Ed Bourdase, Fresno, Calif., 8803 — \$625; and Carmen Salvino, Chicago, 8505 — \$600.

Fighter DeNucci Is Disqualified

GLACE BAY, N.S. (AP) — seventh round. Joe DeNucci of Newton, Mass., was disqualified for low blows and Canadian middleweight champion Blair Richardson was awarded a loudly-hooted victory last night.

Referee Bobby Beaton said he warned DeNucci eight times before stopping the scheduled 10-round non-title fight in the left the ring.

Rookie Wins Dallas Open; Covets Fringe Benefits

DALLAS (AP) — Tall Texan Charles Coody won the \$40,000 Dallas Open Golf Tournament and then observed that it wasn't the money but the fringe benefits that interested him.

"Anybody who wins his first tournament will tell you that," said Coody, who took his first title yesterday in less than a year of following the weary tournament trail.

What he meant was that you had to win one in order to really cash in on golf.

His victory here qualifies him for the PGA, Tournament of Champions, Carling's World, Colonial and other big tournaments; gives him a better position in the tournament pairings, prevents his having to qualify for any tournament and a lot of other things that can come to a champion.

Coody also had some other things working for him when he beat off the great challenge of Billy Casper, one of the top winners, and his buddy, Jerry Edwards, to win the \$5,800 first money with a record 271 for 72 holes.

AMATEUR STAR

Coody said that when his daughter Caryn was born two years ago Monday he went to the semifinals of the national amateur. Seventeen days ago a son was born and as soon as Coody returned to the tour he won a championship.

Coody admitted to being nervous as he tried to concentrate on his own game instead of worrying about Casper and Edwards, who were in his threesome.

"He scared me to death with his birdies," said Coody of Edwards, who finally wound up second, just one stroke back of the Texan from Perryton.

Edwards banged birdies on the 14th, 16th and 17th holes and missed a 25-foot putt on 18 that would have tied Coody for the lead.

Ex-Boxer Trainer Smitty Smith Dies

BRIDGEPORT, Conn. (AP) — Joseph W. (Smitty) Smith, credited with training three world champions at the same time, died yesterday at Bridgeport hospital. He was 80.

Smith trained Jack Britton, the welterweight champion; Al McCoy, a middleweight king, and Battling Levinsky, the light heavyweight champion.

O's Take Lead In A.L. Battle

Continued from page 13

Stenhouse, who spent 1½ months on the disabled list earlier in the year, worked eight strong innings in the second complete game since June 23 before giving way to Jim Hannan in the ninth when Chicago scored twice, the victory was only his second against seven defeats. He had dropped 24 of his last 29 decisions, dating back to 1962.

Chuck Hinton singled, doubled and tripled to lead Washington's first game attack and Joe Cunningham stroked three hits for the Senators in the nightcap.

Former Oriole Jim Gentile crashed two home runs against his former mates, driving in four runs and backing Meyer's six-hitter in the Athletics' second game triumph. The freshman left-hander is 2-5 on the season, having won one for the Angels.

Bunker, Baltimore's prize rookie, ran his record to 15-4 and Boog Powell clubbed a 450-foot solo homer, his 32nd in the first game.

Roger Maris' 11th inning double scored Tony Kubek, who had singled, with the Yankees' game-winning run. Maris had three other hits, including a two-run homer. Whitey Ford, seventh New York pitcher, got the final out in the Twins' 11th. Bob Allison's two-run homer

touched off Minnesota's four-run, two-out rally in the eighth that forced the game into overtime.

The Angels were leading 2-0 without benefit of a hit when Joe Adcock singled off Radatz in the eighth inning of the 11th game at Los Angeles. Bob Rodgers then hit an inside-the-park homer for the last two runs.

Four of seven walks issued by Morehead in 2-1-3 innings and Rodgers' sacrifice fly gave Chance a two-run margin in the third and the Angels' ace protected it with a seven-hit, 12 strikeout performance for his 13th victory in the last 14 decisions.

Chance lost his bid for shutout No. 10 in the ninth, when the Red Sox scored an unearned run on two singles and Paul Schaal's error, but he lowered his major-league-leading ERA — for starters — to 1.55.

The Red Sox gave young Charon an early three-run lead but Radatz lost it in the eighth when he walked three Angels and Willie Smith unloaded a bases-clearing triple.

Smith led off the 11th against reliever Bob Heffner with a single and stole second. A sacrifice and two intentional walks loaded the bases before Haitt came through in his initial appearance since being recalled from Hawaii.

FATE STRUCK A CRUEL BLOW

Chicago Bears Offense Still Weak

By JACK HAND

RENSELAER, Ind. (P)—Fate struck a cruel blow at the champion Chicago Bears when Willie Galimore and John Farrington were killed in a tragic auto accident in the early days of their training season at St. Joseph's College.

The Bears have been slow to come out of the daze. Except for a brief flurry against the College All-Stars, the offense has been most disappointing in the exhibition games.

SHOCK

"We have not come along as good as we hoped," said George Halas, the 69-year-old owner-coach and National Football League pioneer. "The loss of Galimore and Farrington was a tremendous shock to all of us. It left a gaping hole in our offense."

Galimore, who had been handicapped by operations on both knees, had come back strong as a running back in late season. Farrington was a talented pass-catching end.

In an effort to close the gap, Halas traded with Los Angeles for the veteran halfback Jon Arnett, giving up Roger Davis and two rookies. Arnett, unhappy as an end with the Rams, welcomed the deal.

SLOW TO SELL

Although Halas had hoped to open up the offense this year after winning the title strictly on defense, the attack has been slow to jell. Most likely, it will

be Bill Wade again nursing along a sputtering ball-control game, counting on that ball-hungry defense to carry the heavy load.

"Our main objective is to win," said Halas. "We're not going to open up just because some people thought our attack was a bit modest. But we might open up more if they start crowding us."

Wade is the Bears' quarterback, a 34-year-old veteran of 11 NFL seasons. Rudy Bukich will back him up with his strong right arm.

Ron Bull is the top running back, supported by Arnett and Billy Martin. Joe Marconi is the No. 1 fullback, with help from Rick Casares and Charlie Bivins.

ADDS RECEIVERS

Halas added two receivers in Rich Krieling from Cleveland and Gary Barnes from Dallas to work at split end. Johnny Morris is the flanker.

With all-league Mike Ditka at tight end and a fine looking rookie, 6-foot-5, 240-pound Bill Martin from Georgia Tech also available, Halas may throw two tight ends at the position.

Halas is hoping that Dick Evey, the No. 1 draft choice from Tennessee, can handle either a guard or tackle post. Herman Lee, regular left tackle, is getting along at 32 and may need help. Left guard Ted Karras has been out with injuries, giving Evey a chance to play. Jim Cadile is the right guard and Bob Wetska the right tackle. Mike Pyle is the highly regarded center.

But it was the defense that did the job for the Bears especially in the championship game with New York. The defenders intercepted 36 passes and recovered 18 fumbles last season. Big Doug Atkins and Ed O'Bradovich are the ends and

Ron Cole Wins One, Loses One

Ron Cole of Mill Valley, pitcher for Modesto of the California League, won one and lost one during the last reported week from Player Periscope of Novato.

Cole appeared in two games for the week and went a total of 13 innings, allowing 20 hits and 5 walks while striking out 12. The week's performance ran his season record to 13-11 for the Colts. He has pitched 184 innings, allowing 197 hits and 62 walks while fanning 137. His earned run average increased to 4.11.

John Boccabella, whose contract has been taken over by the Chicago Cubs from the Salt Lake City farm team of the Pacific Coast League, batted only .212 for the week at Salt Lake City, with 7 hits in 33 at bats. His hits included a home run.

The San Anselmo first baseman's average on the year is now at .220 but his run batted in total is at 74. He has 22 home runs, 9 triples and 19 doubles in his 120 hits for the year. He has also scored 60 runs.

Gerry Ard of Fairfax, shortstop for the Modesto Colts, had one double and three singles in 19 trips to the plate for the past week as his mark fell to .229. He has 33 RBI's and has scored 33

runs. He has 2 triples and 10 doubles.

Gino Cimoli of Tiburon, outfielder for Rochester, N. Y., of the Triple-A International League, went hitless in 9 at bats for the week as his mark fell 20 points to .299. On the season Gino has 3 homers, 5 doubles and 16 runs batted in and has scored 19 runs. He has a total of 38 hits in 127 at bats since being sent down by the Baltimore Orioles this season.

Betsy Rawls Wins Seattle Tourney

SEATTLE (UPI)—Betsy Rawls, golf's all-time money winner among women, added \$1,500 to her earnings here yesterday by taking the Valhalla Open with a 72-hole total of 290.

Miss Rawls shot a 73 yesterday and turned on what she called her best putting display in five years to fight off the challenge of Ruth Jessen of Seattle who finished in a tie for second with Kathy Whitworth of Monahan, Tex. at 293.

Three women were tied for third at 302. They were Patty Berg, Minneapolis, Shirley Englehorn, Caldwell, Idaho, and Sandra Haynie of Fort Worth.

TOKYO-BOUND — Mr. and Mrs. Gene Bluder of Apt. 2, 275 Canal Street, San Rafael, have passed the spectators' tryouts and will attend the Olympic Games in Tokyo next month. Bluder has a firm grip on tickets to Olympic events and Mrs. Bluder shows a photo of the Japanese family with whom they will be staying.

MARINITES ACCOMPLISH FEAT

Getting Tickets To Olympics Is As Hard As Marathon Race

Story and photo
By FRANK FARRARA
Getting tickets to the Olympic Games in Tokyo can be as grueling as a marathon race and a lot slower.

The feat has been accomplished by a San Rafael couple who started working on the project more than a year ago.

Mr. and Mrs. Gene Bluder of 275 Canal Street, Apt. 2, will leave for the games Oct. 9 via Japan Airlines.

The key to their success is that they have accommodations with a Japanese family in Tokyo, Mr. and Mrs. Shigehisa Ishyama and their 15-year-old daughter, Midori.

"You can't get tickets unless you have accommodations," explained Bluder. "And when I applied for a visa, I had to prove that I had accommodations."

The idea of attending the Olympic Games came to the Bluders two years ago after

they attended the U.S.-Russian track meet at Stanford University.

Several months later they started to investigate the possibility of finding accommodations with a family in Tokyo rather than staying in a hotel.

"We found out that you had to go through the Tokyo Olympic Housing Committee," Bluder said. "We wrote to them and outlined our requirements and they wrote back and said they had accommodations."

After the committee notified them that they would be staying with the Ishyamas the Bluders wrote to the Japanese family.

In return they got letters in English from an older daughter, who has since married, and then letters from Midori as well as pictures of the family and a floor plan of the Ishyama home.

The next hurdle came when Bluder went to the American Express Co. to get his tickets

to the games. "You have to pick the event, the date and the class of ticket you want," he said.

"It took me three hours to pick events. They are at different prices ranging from about 80 cents for cycling events to \$22.50 for the opening and closing ceremonies. The track events are about \$8 for a day."

Bluder and his wife, who expressed a general interest in sports, have tickets for a variety of events including track, wrestling, boxing, cycling, fencing, basketball, swimming, soccer, and equestrian competition.

Bluder, an engineer with Bechtel Corp. in San Francisco, and his wife, a clerk in the gas department of Pacific Gas and Electric Co. in San Rafael, will return to San Rafael Oct. 25.

For Bluder, who visited Japan while serving in the Navy, it will be his first return to the islands since 1957.

Ascherman Suit Trial Is Year Off

It will probably be at least a year before the \$200,000 slander suit filed by Dr. Stanford W. Ascherman comes to trial in San Mateo County Superior Court.

Ascherman, through his attorney Harry Gonick of San Francisco, filed the suit against Dr. Alvin S. Natanson of Burlingame in Marin Superior Court. Natanson asked and received a change of venue to his own county last week.

Court clerks in Redwood City said today that cases are already backed up about a year on the calendar, and unless there is some court order giving the Ascherman case priority, it will not come to trial until late next year at the soonest.

Ascherman, seeking surgical privileges at Marin General Hospital, charged in his suit that Natanson and "John Doe" defendants made false and defamatory statements regarding Dr. Ascherman's professional competence.

Bee Sting Is Fatal To New York Worker

ALBANY, N.Y. (AP) — A bee sting on the wrist killed Vincent D. Foley, 48, of Albany, last night.

Coroner Elmer Parker said Foley, a deputy chief weighmaster at the Port of Albany, was allergic to bee stings and died of anaphylactic shock.

Kennedy Attacks Keating's Record

BINGHAMTON, N.Y. (UPI) — Democrat Robert F. Kennedy charged today that his Republican senatorial opponent, Sen. Kenneth B. Keating, "had anything but a constructive record while serving in Congress."

It marked the first open attack on Keating's record by the former U.S. attorney general.

Kennedy arrived in this upstate city early today from his Long Island home for a series of campaign appearances.

He said Keating "has been present in Congress, but he has not done much of anything constructive."

He listed a series of bills, many proposed by the Justice Department which he headed as attorney general, and said "I don't know of any bill that bears by opponent's name, and many have come from the Justice Department."

He then attacked Keating's refusal to support the GOP ticket of Sen. Barry Goldwater and Rep. William E. Miller.

"What would he do if Goldwater were elected president?" Kennedy asked. "He can't get along with either President Lyndon B. Johnson or Goldwater." Kennedy, who drew large crowds over the Labor Day weekend while campaigning on Long Island, admits he is uncertain whether the acclaim is for him or out of respect for his brother, the late President John F. Kennedy. He told newsmen yesterday he expects the Kennedy name would attract some votes.

Arabs Approve Long Pact For Defenses

ALEXANDRIA, UAR (UPI) — The Arab heads of state today unanimously approved a United Arab Republic proposal on long-term strategic defenses in the event of an Israeli attack.

Complete details of the UAR defense plan, submitted by President Gamal Abdel Nasser, were not disclosed.

LEARNING HOW to cover a lampshade will be one of the features of the decorating course offered in the YWCA fall program. Instructor Mrs. Marie White, right, gives Mrs. Joe Chenoweth a demonstration of the preliminary steps in covering a lampshade. Registration for fall begins today and will continue through Friday at the YWCA office in San Anselmo. (Independent-Journal photos)

COOKING, JAZZ

YWCA Program Has Wide Range

The Marin YWCA announces fall registration for groups open today, and continues through Friday from 10 a.m. to noon at the YWCA office, 216 Greefield Ave., San Anselmo. All groups start the week of Sept. 21.

The YWCA is a Marin United Fund Agency and receives an allocation which partially supports YW-Wives Clubs.

Interesting and stimulating programs are planned by the members. Each club elects its own officers and conducts its own meetings. A club advisor, provided by the YWCA, meets with each club and serves as resource and guide for activities. Child care is available for pre-school children. Clubs now available are:

CENTRAL MARIN — meets first and third Thursday 9:30-11:30 a.m. in Terra Linda Community Hall.

TAMALPAIS — meets Friday, 10 to noon at Episcopal Church of our Saviour, Mill Valley.

SLEEPY HOLLOW (YW-Y-Nots) meets Wednesday, 10 to noon at Sleepy Hollow Presbyterian Church, San Anselmo.

MARIN CITY CLUB — meeting time to be determined.

NOVATO CLUB — will start in September.

GLENWOOD CLUB — Will start in September.

REMINDER TO ALL YW-WIVES: Oct. 21 is date for area conference in Palo Alto.

ART FOR ADULTS (pastel, oil, watercolor), class will meet outdoors when possible. A course is offered to inexperienced students as well as those wishing to resume past experience. Registrations will be limited to insure individual attention. At the first class the instructor will introduce class content by her own demonstrations. She will discuss the variety of materials from which students may choose their own medium. At the first class, students will need only a small sketch pad and a 2B pencil. Estimated cost of materials, which students purchase on their own, varies from \$5-\$10 depending on own choice. Class meets Thursday 10 to noon at YWCA with Barbara Briggs as instructor.

Ballroom dance for seventh and eighth grade girls and boys. Chance to learn the basic popular dances: calypso, swing, fox trot, waltz, cha-cha. Etiquette and dance floor courtesies stressed. Special dance parties.

Class meets alternate Mondays starting Sept. 21 from 7-8 p.m. at Valecito School, multipurpose room, with Mr. and Mrs. Ed Schulman as instructors.

BOWLING. Through the courtesy of Country Club Bowl,

YWCA members are invited to four FREE LESSONS starting on Friday, Sept. 25 at 10 to noon. In addition, YWCA members will have free shoes, child care, doughnuts and coffee. Those wishing to continue to bowl starting Oct. 23 will be organized into teams which bowl three lines per day.

BRIDGE FOR beginners — Course will include simplified instruction in bidding, play and defense. Highly recommended for those who have played without basic instruction. Theory based on Goren system. Meets Friday 10 to noon at YWCA.

BRIDGE FOR intermediates — review and refinement of bidding, thorough explanation and practical application of strategy employed in playing and defending a hand. Class meets Friday 1-3 p.m. at YWCA with Frank Jackson as instructor.

"OUTER SHOW" of real charm comes as a result of "inner glow" and self confidence of knowing you look your best and act your best to others. Course includes hair care and styles, correct color line and accessorizing, figure analysis, skin care, voice, personality and visual poise. Charm Class for adults meets Wednesday 10-11:30 a.m. at YWCA with Dorothy Van Nuys as instructor.

COOKING FOR the Holidays. Creative recipes from Europe and the United States that require no extraordinary or unusual ingredients but when prepared as demonstrated in this class result in delicious menus. Special suggestions will be made for Thanksgiving, Christmas and New Year's. Class is limited to 18 and meets Thursday 10-11:30 a.m. at 26 Cornell Drive, Larkspur with Janet Kaplan as instructor.

CREATIVE GROUP play for boys and girls 3-5 years old who have not been in school. An exciting program with individual attention in activities which stimulate creative expression in arts, crafts, games, story telling, finger painting, singing and rhythms. Each parent will assist supervisor and provide juice once during the series. There is a choice of Tuesday 10-11:15 at Lucas Valley Community Center (for Lucas Valley residents only) with Sally Brook as supervisor. Or Wednesday or Thursday 10-11:15 at Scout Hall, 2nd and A streets, San Rafael with Jackie Branch as supervisor.

DANCE AND ART for 3-5 year old girls and boys. Statement from child's physician required. The combination of these two art forms and their wide variety of media provides a creative experience for children to explore and experiment freely with

painting, graphic arts, dance and music. A circle is a circle in art and/or dance. Expressing this idea physically and mentally opens channels of communication and understanding. Class meets Tuesday 10-11:30 a.m. at Scout Hall, 2nd and A Streets, San Rafael. Instructors are Sue Kramer and Caroline Goldsmith.

DANCING — Jazz for teen-age girls over 12. Dancing to contemporary rhythms to develop fitness, grace, coordination and a keen sense of meter. No previous dance experience required. Wear leotards, slacks or shorts. Class meets Thursday 4-5 p.m. at YWCA. Instructor is Bea Blum, member of United States gymnastic federation.

DECORATING — A Do-It-Yourself Project! Make your own draperies, bedspreads, cafe curtains, pleated valances. Austrian or Roman shades, or fabric lamp shade covers. Individual attention and advise on color and fabric given to each student on own project. Materials and rods may be purchased at discount prices. Students may use own material. All machines for detail are available, measuring and installment available at additional nominal cost. Class limited to 15 people. Class meets Tuesdays 7:30-9:30 p.m. at instructor's shop—928 B Sir Francis Drake Blvd., Kentfield. Instructor is Marie White, former teacher, adult education.

FOLK GUITAR — Entertain yourself, your family and friends as the soloist or the accompanist for the ever popular informal group singing. You will learn two songs in the first lesson. Class meets Tuesday 10-11:30 a.m. at YWCA. Instructor is May "Teeny" Browning who holds master degree in music education from Columbia, formerly member of Phil Spitalny

all girl orchestra, teacher at Dominican College.

GOLF AT Las Gallinas. Instruction in grip, stance, woods, irons and development of the grooved swing. Rules and course etiquette explained. Limit five in each class. Beginners: choice of Tuesday 10-11; 2-3; 7-8 p.m. Wednesday 11-12; Thursday 10-11; 7-8 p.m. For intermediates there is a choice of Tuesday 11-12; Wednesday 10-11; 7-8 p.m. Or Thursday 11-12. Class meets at Las Gallinas Golf Range with Joe Colfer as instructor.

GOLF AT Peacock Gap. Beginners have a choice of Tuesday, Wednesday, Thursday, Friday at 9:30-10:30 a.m. For intermediates the choice is for Tuesday, Wednesday, Thursday, Friday at 10:30-11:30 a.m. Class is limited to six in each class. If requested other classes will be arranged in the afternoon. Continued on Page 18

FOLK GUITAR is another of the courses scheduled for the YWCA fall program. While instructor Mrs. Harold Browning, left, watches,

Mrs. Lloyd A. Clarke, seated, and Mrs. Albert F. Boehm strum a few chords. The class is scheduled to meet on Tuesdays at the YWCA office.

THE SUBURBAN SCENE

Burlingame Reception

By MOLLY MARIN

The Burlingame Country Club will have a pink motif to-night when Col. and Mrs. Jefferson Graves of Ross host a reception and buffet for their granddaughter, Kathy Murdoch, who will bow at the Marin Debutante Ball in December. Two hundred invitations have been extended for the reception. The tables will be covered with pink tablecloths centered with arrangements of pink dahlias, roses and carnations. Kathy will receive guests in a dress of pink brocade. Mrs. Graves has chosen an ensemble in gold handknit lace and Kathy's mother, Mrs. John B. Willcutt of Kent Woodlands will wear a sheath of emerald brocade. Kathy's grandfather is one of the oldest living members of the Burlingame Club. Dancing will conclude the evening.

About 80 guests from Marin and other parts of the Bay Area gathered Sunday at the home of Mr. and Mrs. Robert Pritchard of Lucas Valley for the reception they gave to honor her parents, Mr. and Mrs. Arthur G. Lindauer on their 40th wedding anniversary. Cocktails and a buffet were served around the pool and a

combo played for dancing. In the party group were the Lindauers' son and daughter-in-law, Mr. and Mrs. Stewart Lindauer of Terra Linda, and two of the honored couple's six grandchildren, John Pritchard, who will enter the University of California this month, and David, a student at Terra Linda High School.

Native San Franciscans, Art and Celina Lindauer met in high school days and were married in the city, where they made their home for many years. They lived six years in Santa Rosa and came to Marin three years ago, now living in Marin Country Club Estates in a house designed by their architect son, Mr. Lindauer and his son-in-law are partners in the Lindauer wood and garden products company, which grew from a firm that originated in San Francisco in 1890.

THE LAND of the midnight sun and the fjord country were a most spectacular scenic experience for Dr. and Mrs. Rodney B. Hartman of Mill Valley who are home from a four months trip.

Though Doctor Hartman attended the World Medical Assn. meeting in Helsinki, they took six weeks to get there. On a

cruise up the fjords of Norway they were beyond the Arctic Circle as far as anyone can go and were in the first car through the passes from Norway into Sweden.

Near Upsala, Eva Monkell, the exchange student who lived with the Hartmans, met them with a car and drove with them through Sweden and Finland, visiting doctors and hospitals.

The Hartmans went on to Leningrad, where they found the museums of special interest. Rejoining Eva in Sweden, they went on to Copenhagen. After visiting battlefields in France they toured England, Scotland, Ireland and Wales.

En route home the Hartmans stopped in New York to see the fair and visited with Mrs. Donald Fowler, formerly of Mill Valley, who is working at the headquarters of the American Field Service.

New residents of Reedlands, Tiburon, are Mr. and Mrs. Gerold J. Elbert Jr. and son, Miles, who is a student at the Covey School. The Elberts formerly lived in Mill Valley before moving to Tiburon.

Mrs. Elbert, a native of Tring, England, is the chairman of the Marin Circle of Florence Crittenton Home.

A Dec. 19 wedding at St. Raphael's Church in San Rafael is being planned by Elaine Marie Pope and Laurence John Biagini Jr. of San Rafael. The bride-elect is the daughter of Dr. and Mrs. Joseph P. Pope of Hillsborough and the sister of Mrs. Charles D. Smith of Daly City and Jeannine and Maureen Pope of Hillsborough. She is the granddaughter of Mrs. Raymond Pope of Burlingame.

Elaine, who is a teacher at Terra Linda High School, attended Burlingame High School, University of California at Los Angeles and San Francisco State College.

The future bridegroom is the son of Mr. and Mrs. Lawrence John Biagini of Fairfax, and he is the brother of Edmund T. Biagini, USA, stationed in Korea.

He attended Lodi High School, Stockton Junior College and the College of Marin, and served with the U.S. Navy. He is now employed with Firemen's Fund Inc. Insurance.

Nuptial Planned In December

TRIMNASTICS (Medical required). A balanced program of exercises taught by professionally trained instructor. Designed to proportion and firm the figure, increase agility, flexibility, endurance and coordination. Exercises are fun if done in a group regularly. Daytime class meets Tuesday, 10-11 a.m. at 619 Cedarberry Dr. in Lucas Valley with Ingrid Wilmet as instructor. Evening class meets Thursdays, 7:30-8:30 p.m. at San Rafael High School, girls' gym, lecture room with Helen Dellwig as instructor.

Poor Posture Can Result In Eyestrain

CHICAGO (UPI)—Muscle fatigue and eye strain go hand-in-hand with poor posture.

The student who writes with his head resting on his arm, or reads sprawled out on a sofa with his face buried in the page, is often reading through his own shadow on the printed page.

Some schools use large posters showing the right and wrong way to read, in hopes of instilling proper habits at an early age.

The experts agree that poor posture not only punishes eyes with strain and tension, but muscle fatigue adds to a shorter interest span, and reduces the ability to concentrate.

Doctors and educators insist on a few "musts" for good study habits, including:

—The need for good light on the page, either daylight or adequate artificial light for writing and reading. Light should be over the shoulder and high enough to prevent glare on the page.

—A 75-watt bulb for lamps, or a 150-watt frosted bulb with a drum shade that provides both direct light downward on the print and also upward diffused general lighting.

—Window shades to control glare from bright sunshine.

Bleach Pot Holders

Kitchen towels, dish cloths and pot holders should be bleached occasionally to remove stubborn stains. Be sure to rinse thoroughly.

CINDY CRABTREE checks the poster in anticipation of the Saturday movie matinees to be sponsored by the Olive School Parent-Teacher Assn. at the Novato Theater beginning at 10:30 a.m. Saturday. With Cindy are Mrs. Ray Calderon, center, and Mrs. Howard W. Crabtree, chairman of the Saturday matinees. (Independent-Journal photo)

P-T-A Will Sponsor Saturday Movies

Saturday movie matinees will be sponsored by the Olive School Parent-Teacher Assn. in Novato beginning at 10:30 a.m. Saturday for 13 weeks at the Novato Theater.

The matinees have been absent in Novato for the past seven years. All proceeds from the admissions will benefit the Olive P-T-A School Improvement Fund and other P-T-A activities, according to Mrs. John Church, president.

A full length feature film plus cartoons will be shown each week.

The shows have been favorably reviewed by either the national or California state P-T-A reviewers or by the "Green Sheet," a monthly publication of the film estimate board of national organization.

The first film to be presented Saturday will be "The Greatest Show on Earth," starring James Stewart. Among other films to be shown during the 13-week matinees are "Chartreuse Caboose," "Fancy Pants," "Kelly and Me," "On the Double," "Sad Sack," "Tomboy and the Champ," "Tammy Tell Me True," "Girls, Girls, Girls," and "Slim Carter."

Mrs. Howard W. Crabtree is chairman of the Saturday matinees and she is being assisted by Mesdames Aldo Di Pasqua,

Ray Calderon, Arthur P. Crispell, Charles Waldron, John F. Rucer, Fred Petersen, David Rhodes, William G. Schneeflock, Kenneth Pierce, Charles V. Howell, Ludford W. Elvy Jr. and Joseph L. Burdette. Also working with the committee are Ray Munson, Olive School principal and Alton J. Fountain.

Miss Glover To Be Bride In November

Col. and Mrs. Wellington Glover of Lucas Valley announced the engagement of their daughter, Sheila Jo Glover, to Mayo Beckford Jr. of Mill Valley at a family gathering this weekend in Bolinas, where the Grovers are vacationing.

The bride-elect is the sister of Mrs. L. E. Wallace of Novato, Lt. Sidney W. Glover, USAF, Waco, Tex., and Wellington Glover Jr. of San Rafael. She was graduated from Tamalpais High School and attended University of California and University of Grenoble in France.

The future bridegroom is the son of Mrs. Janet Todd Young of Mill Valley and the brother of Todd Young. He attended San Jose State College and was graduated from University of California.

Mrs. Church said, "We do want to make it clear to all parents in the Novato area that 'Saturday Matinee' is for all children, regardless of where they attend school. Tickets will be sold on a first come, first served basis."

Sandra Ellen Lunning Weds John Storrs Of San Anselmo

The Rev. Donald C. Kelly officiated at the noon nuptial mass on Aug. 29 at St. Anselm's Church in San Anselmo for the wedding of Sandra Ellen Lunning, daughter of Mrs. A. J. Lunning of Fairfax, to John H. Storrs Jr.

Sandra was given in marriage by her uncle, Harry A. Knight, in the double ring ceremony. She wore a floor length gown of white organza over peau de soie trimmed in lace.

Donna Storrs of San Anselmo was maid of honor and Cheryl Jones and Diana Humphrey, also of San Anselmo, were bridesmaids. All wore floor length dresses of peacock blue satin.

John Ravizza of Mill Valley served as best man and Ed Tioulet of Corte Madera and Steve Hamon of San Anselmo ushered.

After a reception in the Knight home in Sleepy Hollow, the newlyweds left for a wedding trip to Carmel.

The bride was graduated from Sir Francis Drake High School in San Anselmo and Dental Nurse College. She is employed as a dental nurse in San Francisco.

The bridegroom is the son of Mr. and Mrs. John Storrs of San Anselmo and the brother of Tim, Donna, Julie and Jeri Storrs.

John attended Marin Catholic High School and San Francisco State College.

The bride is the granddaughter of Mrs. Charles S. Park of Napa.

The couple will reside in Westlake.

Kathy Heyman Wins 4-H Blue Award

Because she is good with a needle, Kathy Heyman, daughter of Mr. and Mrs. L. F. Heyman of 1412 Buchanan Street, Novato, has been named one of 12 top 4-H Club girls in the state.

She was placed in the "Blue Award Group" at a 4-H dress review at Davis Wednesday. One of the 12 girls will be selected to attend the National 4-H Club Congress. Selection will be based on past 4-H records of each girl.

Commander's Wife Honored

A coffee honoring Mrs. Edward Krafka, wife of Lt. Col. Krafka, commander of the 41st Air Rescue Squadron at Hamilton Air Force Base, was held this morning at the home of Mrs. Joseph Brown in Marinwood. Colonel Krafka is being transferred to Vietnam, and this was a farewell coffee by wives of the squadron for Mrs. Krafka who was presented a set of china dishes.

Mrs. Krafka has been very active at Hamilton and as a commander's wife, has been in charge of many committees.

The Krafkas have three children at home, Roxanna, 13, Karen, 10 and Pamela Kay, 6 and a married daughter living in Florida, Mrs. Ronald Stonebreaker.

Mrs. Krafka and the children will make their home in Rohnert Park while Colonel Krafka is in Vietnam.

Marks Not Sole Yardstick Of Student's Academic Work

By DAVID NYDICK
UPI Education Specialist

There is a growing amount of evidence to indicate that marks in school do not simply reflect the quality of a student's academic work.

Obtaining high marks also involves an individual's personality, attitude, sex, ability to take tests, neatness and relationship with the teacher.

There are many implications which come from these facts. The most important is the meaning of a mark. It obviously cannot be the sole judgment of an individual's past nor future success as a student. The mark is only one person's opinion of the student's overall performance in class.

ALAN HAS A particularly high IQ (ability). He is an excellent reader and has a good knowledge of many areas due to his extensive reading. He is

very exacting and often corrects the teacher on minor points in class. He usually finishes his assignments quite rapidly and proceeds to talk with his friends or wander about the room getting into trouble.

His work is not very neat.

As an example, his arithmetic answers are always correct but his papers are extremely sloppy. A recent social studies report had excellent information, but the writing was so poor that it was difficult to read.

Alan is also a very nervous child. He often becomes ill when a test is announced. His scores on tests are usually low, even though he actually knows the correct answers.

HIS REPORT card indicates an average student. He rarely gets an "A," although he probably knows the work better than any other student in class.

The teacher constantly complains about his behavior and his carelessness.

On the other hand, Mary is a very personable and stable child. All the students like her. She is a methodical and neat worker. She usually completes her assignments with a little time left over which she uses to check her work. Her handwriting is easy to read.

MARY READS quite well. Her arithmetic work is generally correct. She does not attempt work beyond the assignment.

She is very helpful to the teacher in such things as giving out papers, cleaning the blackboards, etc. There is rarely a time that she asks a question but she is always ready to give the answer which the teacher wants.

LEE ENEMARK TO CLAIM BRIDE AT NOV. 7 RITE IN CAMPBELL

The engagement of Patricia Ann Vogel to Lee Frederick Enemark is being announced by her parents, Mr. and Mrs. Arthur E. Vogel of Campbell.

Patricia is the sister of David, Barbara and Michele Vogel of Campbell. A graduate of Notre Dame High School and San Jose State College, she is employed with Lockheed Missile and Space Co. in Sunnyvale.

Lee is the son of Mr. and Mrs. Fred Fischer Enemark of San Rafael and the brother of Susan Jean Enemark. He attended San Rafael High School, College of Marin and San Jose City College and is employed in the data processing department of British Auto Parts, San Francisco.

The couple is planning a Nov. 7 wedding in Campbell.

Marin Women

Independent-Journal, Tuesday, Sept. 8, 1964 19

Naturally Mary has an outstanding report card. It is rare that she receives a grade below "A."

The question is not which of these students is a better student, but which has more potential and is the potential being achieved?

Alan has a much deeper un-

derstanding and curiosity. Mary is a careful child who is concerned with performing according to the teacher's standards.

THIS IS NOT wrong. A combination of Alan's ability with Mary's performance would make for an unusually outstanding student.

Bringing Up Baby

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

One of your baby's earliest educational devices is his sense of touch.

Once little fists

flutter open, he literally feels his way into life. As fingers explore he comes to know the difference between hard and soft, rough and smooth, warm and cold. Your cherub not only learns but gets a lot of pleasure from a variety of textures. Good reason to select toys with different surfaces. Fluffy, nubby, smooth or ribbed fabrics for a small baby...various plastics, metals, woods for an older tot.

Food for thought. Texture is important when it comes to food, too.

Gerber Strained Foods are famous for their exceptional smoothness. Variety is also important, to stimulate appetite

interest and provide a wide range of nutrients. Gerber offers over 50 lip-smacking choices, from fruits to meats, dinners to desserts, vegetables to egg yolks. All are "custom-cooked" according to their own requirements to preserve the ultimate in natural flavors...the utmost in nutritive values.

Great news for budding "gourmets": Gerber Strained or Junior Creamed Corn. Smooth-textured and sunny-colored, it's bound to make a big hit with little ones.

Talkathon tactics. Babies love to be talked and cooed to. Doesn't much matter what you say, it's the friendliness you put forward when you say it. Your baby is acutely aware of sounds and will delight in a lighthearted lilt...derive security from a caressing tone. Besides, the baby who is talked to a lot when he's young, is apt to form his own words faster. Happy gabfest!

Another small-fry flavor special is Gerber Strained Creamed Cottage Cheese with Pineapple. The mildest cottage cheese delicately laced with luscious pineapple and smoothly creamed into a dream of a dish. A good source of protein, it also provides riboflavin, an important B-vitamin. Junior Scholarships Presented

Four Marin General Hospital Junior Pink Ladies have been given scholarships by the Hospital In-Service Volunteers. Mrs. Robert F. McKendry, chairman of the Volunteer Council, announced.

The recipients include Barbara Anne Cristoni of Mill Valley; Ann Farber, Mill Valley; Karen

Ives, Mill Valley, and Susan McGraw, Belvedere.

Barbara, a graduate of Marin Catholic, will attend the Providence College of Nursing in Oakland, while Ann, a Tamalpais alumnae, will attend Sacramento College.

Karen, another Tam grad,

will take the LVN course at College of Marin, and Susan, who attended Redwood High School, will attend the University of Michigan School of Nursing.

Each of the four scholarship winners decided on a career in nursing after working at Marin General as a Junior Pink Lady.

Civic Auditorium May Be Just Wishful Thinking

Many throughout the county have dreamed of a Veterans Memorial Auditorium out at the Civic Center as a kind of vest-pocket Cow Palace or Civic Auditorium.

The dream was that it would be a kind of all-purpose auditorium where concerts, conventions, auto shows, prize fights and basketball games could be staged with reasonable effectiveness.

Now Architect Aaron Green, on behalf of the Frank Lloyd Wright Foundation, has exploded that happy bubble.

First, the acoustics in a barn-like, flat-floor auditorium just aren't satisfactory for performing arts — music, drama, and the like.

Conventions?

The idea that a convention hall facility would attract conventions to Marin County proves, when closely analyzed and studied, to be no more than wishful thinking. Hotel or motel accommodations are the first requisite for gathering large numbers of people for any sort of a convention. We just don't have them in sufficient numbers. And when they are available, they still don't attract much in the way of convention-type gatherings unless or until dining hall and meeting room facilities are incorporated right into a motel or hotel convention complex.

That would not be feasible at the Civic Center. (Happily, plans for a big motel with convention facilities have just been announced for Novato.)

Prize fights and basketball games?

When you use the flat floor for the performing area, as with basketball especially, the number of seats left just aren't enough to make the event pay.

Check the beautiful Richmond civic auditorium on this; it required about \$40,000 per year in subsidies. We don't want that kind of burden on our county treasury for that purpose.

Auto and/or boat shows? They can be held out-of-doors just about as well. Rented tents of circus size would be quite adequate and much less expensive than a deficit auditorium like Richmond's.

What, then, can be done for the \$1.5 million which the supervisors have held to be the appropriate amount for investment in a Veteran's Memorial Auditorium?

Architect Green's 11-page report to the Board of Supervisors seems to have a reasonable answer.

It proposes a performing arts auditorium, a kind of music concert hall. (This idea was passed over by the Board of Supervisors, earlier, with preference for a flat-floor, all-purpose building.)

But the performing arts auditorium would be modified enabling its use for a much broader scale of activities and events.

While seating a maximum of 2,000, some of the sloping floor would be terraced, permitting removal of seats to provide flat areas for multiple use.

None of us like to have a dream bubble burst. We still would most like to have a vest-pocket Cow Palace (with good acoustics and better interior finish, of course).

But since that seems to be mere wishful thinking, and no more, Architect Green's approach appears to be the next-best thing.

We hope the Supervisors move ahead with it.

WHAT OUR READERS SAY

County Services For Parochial Schools

Editor, Independent-Journal:

In view of the ever increasing burden of taxes, we taxpayers are all more and more mindful of a fair return for our tax dollars.

Public Health Services are one of the many things supported by these dollars, and the "Public" includes ALL of us.

For the past three years I have been a volunteer in the School Nursing Service at St. Raphael's Parochial School. The use of the Marin County Health Department's eye and ear testing equipment and the services of one of their Public Health Nurses in testing, re-testing and follow-up of below-normal cases has been invaluable to us. With our present "full-to-bursting" enrollment these services comprise a bare minimum, and without them the sight and hearing of some of our children will suffer uncorrected faults which should be diagnosed and treated before adulthood.

Surely, for the sake of these children, the decision to drop the parochial schools from the Health Department's responsibility can be reconsidered. In the name of taxes, it is little we ask!

Why All The Fuss About Extremism?

Editor, Independent-Journal:

I was at the GOP Convention at the Cow Palace when Senator Goldwater made the following statement:

"I would remind you extremism in the defense of liberty is no vice; moderation in pursuit of justice is no virtue."

Five days later on July 21, President Lyndon Johnson made the following statement:

"In the preservation of law and order there can be no compromise, just as there can

be no compromise in securing equal and exact justice for all Americans."

Isn't President Johnson saying the same thing that Senator Goldwater said, only in different words? So, why all this fuss about "extremism!"

During his Press Conference on July 30th, 1964, President Johnson made the following statement:

"I don't want to be in a position of intervening in the decisions of any private organization as long as they stay within the law, but as a general matter, it seems to me that the general proposition for our people which I consider when machinery does not exist to redress grievances, it is understandable that those who are aggrieved will take to the streets, whether rightly or wrongly."

The foregoing statement was uttered in reference to the Civil Rights question. And speaking of Civil Rights the Congressional Records disclose that President Johnson during his tenure as a Congressman and as a United States Senator, voted consistently against all Civil Rights legislation and against some of the amendments designed to strengthen existing legislation. Since becoming President he suddenly goes all out for Civil Rights. Why? My guess is "to get votes."

At least in Goldwater's case he is consistent and we know where he stands.

RUSSELL BJORN

Unification Of Tomales, Tam High

Editor, Independent-Journal:

THANKS FOR NOTHING LEO SOUZA!

I voted to return the Tomales Unification proposal to the State Board of Education for the third refusal for the following reasons:

1. 80-90% yes vote in all districts, but one (in some districts 100%). Inverness de-

feated the unionization proposal in July, but even now has not yet come out strongly for what they do want. Could it be their own high school in the future?

2. No good alternatives to Tomales unification at present. I believe this area should be left as is for 3 to 5 years. After Woodacre High School is constructed and growth patterns in the West Coast area begin to show, a feasible plan, supported locally, will be much easier to accomplish.

3. If, this or any other solutions, are possible except the Tomales unification, the State Department and the State Board are the only legal bodies with sufficient authority to make the decision. Therefore, I favored handing it back to them.

REGARDING THE THREE-WAY SPLIT OF THE TAMALPAIS HIGH SCHOOL DISTRICT.

1. The Tamalpais unification election carried a yes vote in six districts out of 11. . . . The majority no vote overall was under 2,000. HARDLY A LANDSLIDE!

2. The UNRUH bill is for all practical purposes a piece of mandatory legislation. If a district votes no in an election under this law, they run serious risk of depleting their tax base, without getting the financial benefits provided by the State for unifying.

The law is also very much more rigid in its criteria, particularly regarding the split of an existing high school district. It says you shall not, unless the components have at least 10,000 students. There is serious question that such a proposal will even get past the State Department of Education at present. . . .

WOULD A THREE-WAY SPLIT PROVIDE WORKABLE DISTRICTS?

Yes, I believe it would. A potential for at least two high schools and sufficient elementary pupils for a fairly complete program would be possible in each portion.

There are disadvantages. Building of high schools would be accelerated in Drake and Tamalpais areas because they are full, and the removal of Redwood High School would also remove flexibility in handling the overflow of students.

The assessed valuation (one of the major criteria) of the three districts would vary so greatly from the wealth per child of the present district (one higher, one lower) this will be the point on which the State Board must refuse the proposal.

The democratic process is a great one and I firmly believe in it. The most important single ingredient (aside from competent teachers) in a successful school district is the moral and financial support of the citizens.

In carrying out this process, we should realize that time is running out for the Tamalpais District in providing facilities for our children. We must have the courage to solve this problem as soon as possible to avoid serious dislocation in the near future.

Goldwater's Campaign Opening Foundation For Later Speeches

WASHINGTON (AP) — Sen. Barry Goldwater's speech, formally opening his presidential bid, contained no surprises but was rather a kind of foundation for what he can say later. The speech was a roundup of positions he has stated before. For this reason, because it touched so many bases, it was short on details. If he doesn't go into details later, the Democrats will probably challenge him to.

GOLDWATER HAS been accused of shooting from the hip and once admitted this may be so. He bore down hard on his peaceful intentions, called the Republicans the "peace party," and made peace a steady theme in his talk. Because so much he said was a repetition in one form or another of what he had said before this speech at Prescott, Ariz., was not exactly fiery but, in the process, he put a lot of pieces together and can work on them later.

HE PROMISED, if elected, to end the draft "as soon as possible." He said the armed forces need trained volunteers. As early as last February he said he thought the peacetime draft could be ended.

When he said "the shadow of scandal falls, unlighted yet by answers, across the White House itself," Goldwater was following up what he himself had said weeks ago.

That the "dark shadow of scandal that hangs over the White House itself" would be one of the main issues in the campaign. So far he has not gone beyond this generalized statement. He hasn't spelled out details of any scandal.

HE ACCUSED the Johnson administration of "dismantling" American defenses, a charge he has made before. It's been denied by the ad-

ministration. But Goldwater continues to bang away at it. The senator said Republicans "shall never abandon the needy and the aged—we shall never forsake the helpless. We understand their problems in our hearts."

"But we know that a true and lasting solution of those problems cannot be found in degrading, capricious and politically motivated handouts from the White House."

Last week, when the Senate approved a program of medical care for the aged through Social Security, Goldwater voted against it with this explanation in part: "My fundamental objection to this proposal is that it is based on the unspoken premise that American workers, whether in the \$5,000 or \$50,000 class, are incapable of deciding how to spend their money. It reveals a contempt for the intelligence and judgment of our people."

HE SAID HIS "no" vote was "consistent with the position I have taken" continuously against such a medical care program.

Without going into detail he repeated indirectly another favorite theme: That the government must withdraw from a number of programs.

He put it this way: "Prudence requires that we proceed slowly and steadily in withdrawing the central government from its unwarranted interventions in our private economic lives."

In his book, "The Conscience of a Conservative," Goldwater said: "I have little interest in streamlining government or making it more efficient, for I mean to reduce its size. My aim is not to pass laws but to repeal them. I do not undertake to promote welfare, for I propose to extend freedom."

INSIDE WASHINGTON

Democrats Swinging For Huge Spending

By ROBERT S. ALLEN
and PAUL SCOTT

WASHINGTON — "You ain't heard nothing yet!" is Democratic campaign crowing over what they have put through Congress to keep the domestic economy at a high boil.

That 947.5-million-dollar politics-loaded anti-poverty program President Lyndon B. Johnson is doing so much proud tooting about is a whopper in itself, but actually it's a small part of the stupendous economic expenditures voted this session.

Appropriations running into the hundreds of millions are still pending, foremost among them 1.2 billion dollars in increased Social Security benefits and the 237-million-dollar Appalachia program.

THE TIDAL WAVE of federal funds that will pour into every aspect of the national economy in the current fiscal year, ending next June 30, will exceed 33 billion dollars.

Democratic chiefs are making no bones they are counting on this having tremendous electioneering impact.

This astounding spending record, whose size and range is little comprehended by the general public, is spelled out in vivid detail in the House minority report on the anti-poverty bill. Here are the overall totals:

Department of Health, Education and Welfare, \$22,567,684,000; Labor Department, \$4,200,929,000; Housing and Home Finance Agency, \$1,987,034,000; Department of Agriculture, \$1,829,035,000; Interior

Department, \$1,051,663,000; Commerce Department, \$145,000,000; funds appropriated to the president, \$30,000,000, for a total of \$31,811,345,000.

GIGANTIC AS THIS total is, it still isn't the whole story. Not included:

One billion dollars in increased Social Security benefits, passed by the House and certain to be voted by the Senate.

Some 550 million dollars in pay increases for 1.7 million government employees, retroactive to July 1. Big voting centers particularly benefit from this bonanza.

A total of 200 million dollars in pay increases for 1.8 million military personnel, effective Sept. 1. States benefiting most are Texas, California, Illinois, Florida, Pennsylvania, Georgia, Virginia, North Carolina, Colorado and Wyoming.

One billion dollars in additional subsidies to feed grain growers, wheat and cotton farmers and others—also before election day.

If the 237-million-dollar Appalachia and 400-million-dollar area development programs are voted, another 637 million dollars will be added this fiscal year.

ONE RULE adopted by the Democratic National Convention went completely unnoticed, but it could prove of momentous importance—if anything happens to the president and his running mate between now and election day.

Under this overlooked rule, the Democratic National Committee is given full authority to name a successor.

This rule was enacted at the direct instigation of President Johnson.

It was sponsored by National Chairman John Bailey, but the real author was the president.

MRS. JACQUELINE KENNEDY is being credited by close friends with contemplating establishing voting residence in Rhode Island, where her mother and stepfather have a big estate. Whether the former first lady is considering a political career there is not indicated. But the friends deem it significant that she is talking about setting up a voting base in Rhode Island.

AMPUTEE LEADS USEFUL LIFE

One amputee has worn out six pairs of artificial legs in his daily efforts to help other handicapped people help themselves.

The 46-year-old man lost both his legs in a train accident in 1942. After being fitted with artificial legs, he decided to help others who needed rehabilitation of one kind or another.

He sought and obtained employment at Goodwill Industries in Tulsa, Okla., which employs handicapped workers in such tasks as rebuilding or restoring furniture and other goods.

The amputee, who has served as stock manager, salesman, crew boss, loader and truck

driver during the past 12 years, says he enjoys working with the handicapped. "Some of them come here crippled more psychologically than physically. It is good to see them recover," he commented.

One of the best ways to lighten your own business is to bring relief to others weighted down with problems. It is the divine way recommended by the Master Himself.

"Bear one another's burdens, and so you will fulfill the law of Christ." (Galatians 6:2) Help me to enter into the problems of others, O Father, not avoid them.

AFFAIRS OF STATE

'Shortsighted' Eye Glass Bill To Be Fought In Legislature

By HENRY C. MacARTHUR
SACRAMENTO (CNS)—Once again, the battle of whether optometrists and opticians may operate in discount houses will be fought out in the State Legislature.

The solons in 1963 decisively defeated a measure to prevent dispensing optometrists and

opticians from maintaining quarters in the discount houses.

The defeated bill, AB 290 (1963) by Assemblyman Tom Bane (D-San Fernando), is the outgrowth of the optometrist's association attempt to regulate the business of licensed optometrists through

government regulation.

The association maintains an optometrist can't establish an office where he chooses, especially in a discount house.

THE BANE MEASURE was referred to the Assembly interim committee on governmental efficiency and economy, headed by Assemblyman Lester A. McMillan (D-Los Angeles).

McMillan announced his committee will hold a hearing in Los Angeles Sept. 24. The bill has been thoroughly discussed by the legislature, and by legislative committees, and the testimony to be given this month no doubt will be a repetition of what has gone before.

THE BILL PROVIDES that any dispensing optician or optometrist who maintains an office in any retail store which lays claim to a policy or a continuing practice of generally underselling competitors shall be deemed as offering to render his services under the representation that the fee for such service is at a discount.

THE MEASURE is something along the line of other fair trade laws which have been sponsored for the purpose of keeping prices high.

It also deprives dispensing optometrists and opticians who might not care to subscribe to the edicts of the association.

A MAN WHO later became one of the most famous theater magnates in the country started his career as box-office treasurer of a tiny theater in a small town. His partner put on the shows and recruited the casts, paying no attention whatever to the financial details.

After a few years the treasurer decided he was ready for

bigger things, and broke up the partnership. The last thing he told his disappointed director was, "I'm sure you'll be able to find a competent box-office man to replace me—but try to remember this: don't let the next one cheat you the way I've been doing!"

"THE TWO BEST things I prepare," a young bride told her husband, "are meat loaf and peach cobbler."

"That's just dandy," beamed the husband. "Which one is this?"

By THERON NEWELL

Some Troubles In Novato Are Ripples From Stone In Pond

Trouble seems to foment trouble and spread out in ever-widening circles. It is similar to a rock thrown into a pond—one wave starts out which is followed by another and another and another.

Such is the case in the City of Novato with the southern section of the city. The trouble first started with the discontent of the people of Marin Golf and Country Club Estates about the city allowing construction of Marin Country Club Heights. This would put the construction trucks on inadequate city streets, the residents claimed.

THE THE MOVEMENT of the people of Loma Verde to annex to the city was caught in the wave of this discontent, and organized opposition soon developed to this annexation. From here it looks as if the opponents may be successful in their attempts to stay out of this fledgling city.

Now this discontent has spread to the Air Force housing in Raphael Village. Here the women of the village are getting signatures on petitions to be presented to the base commander. These will ask for better street maintenance and policing of speeders.

WHEN NOVATO was incorporated four years ago, it inherited the streets in the village, but not the property. Even then, San Jose Boulevard was breaking up. The city has not yet reached the point where it has been able to take care of even a fraction of its street deficiencies.

It is also just now getting its police force up to the standards which were set by its first police chief.

Now it remains to be seen whether or not the city can surmount these difficulties.

ON OUR VACATION into Oregon and Washington, we observed two things which might help Novato in particular and Marin County in general.

One of these was the cleanliness of the highways in those two states. Oregon has signs which warn of \$100 fine for littering the highways, and Washington warns of \$250 fine. Oregon also has signs warning of \$500 fine for throwing away burning material.

The islands in Highway 101 in Novato are always an eyesore. If it isn't the tall weeds, it is paper and debris. Perhaps a similar fine would put a stop to the service stations and drive-ins letting their debris blow onto these islands.

Novato Fire Chief George Cavallero immediately liked the idea of a fine for throwing away burning material.

"Maybe a stiff fine or two would stop people from throwing away matches and cigarettes which cause fires," he said.

ONE DAY LAST week, the Novato Fire Department answered a call that there was a hollow log on fire in Sutter Hills. The firemen responded, of course. Not only did they have to fight the fire, they also had to fight bees. It was a bee tree which was on fire.

America Really Is A Headache, Judging The Expense For Pain

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Worry must be getting out of hand in this country. Americans gulped 16 billion aspirin tablets last year and spent a record 350 million dollars for headache cures of all kinds.

The average person consumes about a million calories a year. Some 43 per cent of women and 26 per cent of men feel they are overweight.

JOE COLLEGE is optimistic. A survey of Tufts University graduates found they hoped to be earning \$26,000 annually 20 years from now—but only one was brash enough to predict he'd be a millionaire.

Sherle Wagner, who designs bathrooms, will design you one for \$50,000 or less, complete with fittings of 24-carat gold plate and semiprecious stones.

If you suffer from hay fever, stay away from drink until the season is over, advises Dr. Vincent J. Fontana of New York University's Medical Center. He has found that alcohol aggravates the wheezing and sneezing of those allergic to plant pollens.

QUOTABLE NOTABLES: "My most brilliant achievement was my ability to persuade my wife to marry me. My marriage was much the most fortunate and joyous event which happened to me in the whole of my life" — Winston Churchill.

When the hippopotamus gets a stomach ache, it's a real whopper. This animal has a stomach 10 feet long that can hold up to 500 pounds of food. History lesson: Theodore

Roosevelt was the first U.S. president to win a Nobel Peace Prize. He was also the first president to ride in an automobile and an airplane.

HOW MUCH does your car cost you? During the lifetime of the average auto, the operating and maintenance costs roughly equal the original price of the vehicle when new.

Would you like to see a googol? Well, all you have to do is write down the figure one followed by 100 zeros—that's a googol.

AMONG FAMOUS people who worked as extras in the movies have been Benito Mussolini, Leon Trotsky and the Duchess of Windsor. Mussolini is reported to have earned \$2 a day, Trotsky \$3 and the Duchess \$5.

It was poet T. S. Eliot who observed, "Most of the trouble in the world is caused by people wanting to be important."

Aboard Compton

Edward C. Connolly, Navy seaman, son of Mr. and Mrs. Charles J. Connolly of 1048 East Las Gamos Rd., Santa Venetia, is a crewmember of the destroyer Compton which recently won the "Battle Efficiency Award" for Destroyer Squadron 12, operating with the Sixth Fleet in the Mediterranean.

At Moffett

Carl R. Anderson, Navy seaman apprentice, son of Mr. and Mrs. Raymond H. Anderson of 35 Rudnik Avenue, Novato, is serving with Air Transport Squadron Eight at the Naval Air Station at Moffett Field.

'Mexican' Youth Is Back In San Rafael

John D. Bradley of San Rafael has just returned from a two-month stay in "the country of mystery, of expectations," Mexico, under the Experiment for International Living.

Bradley spent much of his time in Jalapa, in the state of Vera Cruz, where he became part of a Mexican family.

The father was the "head of the house, absolute ruler," young Bradley reported. "This isn't to sound like he is a martinet but rather someone who is the center of all respect and attention."

"My Mexican 'mother' takes care of the house—letting the maid know what to do—and handles the small financial affairs, never leaving the house."

John had a Mexican "brother" who was "quite the guy—where the girls are he is twitching his eyebrows or flexing his muscles."

The family's two daughters were known to put hot peppers in John's soup.

The boys he met, John reported, were "fundamentally courteous to girls and older women in particular... and very capable of taking care of themselves. The more girl friends a boy has, the sharper he is considered."

"The Mexican boy acts as guardian and protector of the women in his family." He is "very attentive toward his parents, abiding by their wishes with few sneaks behind their backs."

Young Bradley liked the look of the city, with its traditional park "very heavily frequented," churches "dotting" the city and

some streets lined with pastel painted homes. He found the people "the friendliest ever." A conversation started on a bus could lead to talk of politics and foreign relations, he said.

Such conversations were the easier because no language barrier existed for the San Rafael youth, who was born in Brazil and speaks Portuguese and Spanish.

"Jalapa is a city tucked away in a green mountain paradise slowly feeling the modern, new phase of life and adapting slowly to its needs," he reported.

John, son of Mrs. Walter H. Barner of 86 Culloden Park Road, will return to school tomorrow as a senior at San Rafael High School.

Ends School

Marshall E. Fenstermaker, Navy fire control technician third class, son of Mr. and Mrs. Hubert Fenstermaker of 620 Vendola Drive, Santa Venetia, has graduated from the Terrier missile fire control radar course at the Naval Guided Missiles School at Mare Island.

Deadline Is Given For Hub Permits

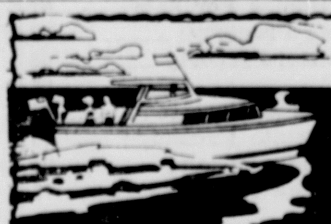

Applications for variance and use permits must be filed with the City of San Anselmo 10 days prior to the meeting of the city's planning commission at which the matter is to be discussed, Richard A. Sypher, planning commission secretary, has announced.

The commission recently set a deadline for filing the applications at 5 p.m. on the Friday 10 days prior to each commission meeting because of the many matters which had to be reviewed by the planning staff, he said.

Deadline for filing subdivision maps and re-zoning applications will continue to be at 5 p.m. on the Friday 17 days prior to the meeting.

The deadline for filing applications to be considered at the Sept. 21 meeting of the commission will be at 5 p.m. this Friday.

UPPER STETSON AVENUE

IMPROVEMENT PROJECT

NOTICE IS HEREBY GIVEN that on the 21st day of August, 1964, the Town Council of the Town of Corte Madera, California, adopted its Resolution of Intention No. 720 wherein it did declare that in its opinion the public interest and convenience required, and that it was the intention of said Council to order the following acquisitions and improvements in and for said Town, to-wit:

(a) The improvement of Stetson Avenue from the Northeast corner of Lot 34 of Chapman Park, Map Two, filed for record November 12, 1906, in Book 2 of Maps, page 73, to Chapman Drive by grading and the in- stallation therein of base pave- ment, paving, Portland cement concrete curbs and gutters, and drainage culverts and catch basins wherever needed.

(b) The acquisition of all easements and the construction of all work auxiliary to any of the above which may be neces- sary to complete the same.

All said work and im- provements are to be construct- ed at the places and in the par- ticular locations, of the forms, sizes, dimensions and materials, and at the lines, grades and elevations shown and delineated on the plans, profiles and spec- ifications preliminarily approved therefor by the Council of said Town and on file for public in- spection in the office of the Town Clerk.

Notice is hereby given of the fact that in many cases said work and improvements will bring the finished surface from the ground to a grade different from the surface as it now exists, and that to said extent said grades will be changed and that said work will be done to said changed grades.

Said contemplated acqui- sitions and improvements, in the opinion of said Council, are of more than local or ordinary pub- lic benefit, and the costs and ex- penses thereof are made charge- able upon an assessment dis- trict, the exterior boundaries of which district are the composite and consolidated area as map particularly shown on a map thereof on file in the office of the Town Clerk, to which reference is hereby made for fur- ther particulars. Said map indi- cates by a boundary line the ex- tent of the territory included in the proposed district and shall

govern for all details as to the extent of the assessment dis- trict.

The estimated cost of said project is \$16,255.67 of which the Town will contribute \$3,642.00, leaving a balance of \$12,613.67 to be assessed.

Notice is hereby given that serial bonds to represent unpaid assessments, and bear interest at the rate of not to exceed six per cent (6%) per annum, will be issued hereunder on the man- ner provided by Division 7 of the Streets and Highways Code, the Improvement Act of 1911, and the last installment of such bonds shall mature not to ex- ceed nine (9) years from the second day of January next suc- ceeding the next September 1st following their date. Said bonds shall be made payable to bearer and provide a premium of 5% of the unmaturing principal thereof on call.

The descriptions of the ac- quisitions and improvements and the terms of the work con- tained in the Resolution of In- tention are general in nature. All items of work do not neces- sarily extend for the full length of the description and the plans and profiles of the work, and maps and descriptions, as contained in the Engineer's re- port, shall be controlling as to the correct and detailed descrip- tion thereof.

Except as herein otherwise provided for the issuance of bonds, said work shall be done pursuant to the Municipal Im- provement Act of 1913.

Reference is hereby made to proceedings had pursuant to Division 4 of the Streets and Highways Code, all on file in the office of the Town Clerk.

Notice is further given that the Engineer of Work pursuant to said Act and said Resolution of Intention, adopted pursuant thereto, did on the 21st day of August, 1964, file with the Town Clerk of said Town his report in writing on said acquisitions and improvements, consisting of plans, profiles, specifications, estimate of costs and incidental expenses, diagram and assess- ment, maps and descriptions, and said Council did on said date consider and examine said report and by resolution adopted and approved and confirmed same and ordered that said re- port shall stand as the report for the purposes of all subsequent proceedings had pursuant to said Resolution of Intention.

NOTICE IS FURTHER GIV- EN that Monday, the 21st day of September, 1964, at the hour of 8:00 o'clock P.M. of said day, in the regular meeting place of said Council, Council Chambers, Town Hall, Corte Madera, Cal- ifornia, are the time and place appointed and fixed by said Council when and where it will consider and finally determine whether the public interest, con- venience and necessity require said acquisitions and improve- ments, and when it will consid- er and determine whether the owners of a majority of the area of the property in the proposed assessment district have pro- tested against said acquisitions and improvements or any por- tion thereof, and when and where it will consider and finally act upon the Engineer's report filed pursuant to said Resolu- tion of Intention and when and where it will hear all protests in re- lation to said proposed acqui- sitions and improvements, or to the grades at which said work will be done, or the extent of the assessment district, or to the Engineer's estimate of the costs and expenses thereof, or to the proposed diagram and assess- ment, and that any person interested may file a written

protest with the Town Clerk at or before the time set for the hearing referred to herein.

Reference is hereby made to said Resolution of Intention and said report including plans, pro- files, specifications, estimate of costs, diagram and assessment, and maps and descriptions, for a more particular description of said acquisitions and improve- ments to be had and done, and for further particulars, all on file in the office of the Town Clerk.

Dated: August 21, 1964.

NOTICE INVITING SEALED PROPOSALS FOR BID: UPPER STETSON AVENUE IMPROVEMENT PROJECT.

Pursuant to the Municipal Im- provement Act of 1913, and the resolution directing this notice adopted on August 21, 1964, by the Town Council of the Town of Corte Madera, said Council in- vites sealed proposals or bids for the grading and construction of pavement, curbs, gutters, drainage culverts, catch basins, and appurtenances as more particularly described in Resolu- tion of Intention No. 720 adopted by said Council on August 21, 1964, which resolutions are on file in the office of the Town Clerk and to which reference is hereby expressly made for a more particular description of the work to be done.

All of said work is to be done at the places and in the par- ticular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifi- cations made therefor and prelin- inarily approved by said Council on August 21, 1964.

Payments will be made in cash by said Town to the con- tractor in accordance with the order of the Town, amounting to per diem wages to be paid to the various craftsmen and la- borers required to construct said improvements, a copy of which wage scale is contained in the order of the Town, and made a part of the speci- fications for said work, to which reference is hereby made for further particulars.

All proposals or bids shall be accompanied by a cashier's or certified check payable to the order of the Town, amounting to ten per cent (10%) of the bid, or by a bond in said amount and payable to said Town signed by the bidder and a corporate sure- ty or by the bidder and two sureties who shall justify before any officer competent to ad- minister an oath, in double said amount and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said Town in case the bidder deposits the same does not, within the time specified in the contract that the contract has been awarded to him, enter into a contract with the Town.

Contractor shall furnish to town a faithful performance bond and labor and material bond as required in said specifi- cations.

Said sealed proposals shall be delivered to the Town Clerk of said Town on or before 3:00 o'clock P.M., of the 21st day of

Marinites Win Bridge Titles

Mr. and Mrs. James C. Myers of Kentfield won enough points at the San Francisco duplicate bridge tournament during the weekend to earn the coveted title of "life master."

Myers "went over the top" first, followed by his wife, Cleone, Sunday.

Marin County now has about six "life masters" in all.

Several other Marin bridge players picked up wins and points during the six-day tournament that ended last night at the Sherton-Palace Hotel.

Galapago Islands Talk Scheduled

Dr. George Lindsay, a director of the California Academy of Sciences in San Francisco, will speak on "The Galapagos Islands" at a joint meeting of the Marin Nature Group and Marin Audubon Society at 8 p.m., Friday in Olney Hall, College of Marin.

There will be a field trip to Bodega Head Sunday, participants meeting at 9:30 a.m., with their lunches, at the circle, College of Marin.

Venus 'Day' Longer Than Venus 'Year'

WASHINGTON (ANS) — The world's biggest radio telescope, set amid the green hills of Puerto Rico, has determined that the cloud-shrouded planet Venus rotates on its axis once every 253 earth days.

In the most precise such measurement so far, the 1,000-foot-wide fixed radar bowl also confirmed the previously determined retrograde, or "backward" rotation of the planet on its axis. This means that the sun rises in the west and sets in the east on Venus. Curiously, the Venutian "Day" is longer than its year, the 225 Earth days it takes the planet to complete the one trip around the sun.

The planet's north-south axis is tilted about 20 degrees in relation to the plane it describes around the sun, reported Cornell University astronomers who operate the Arecibo Observatory with financial support from the Air Force.

The inclination of the axis isn't unusual; only one planet, Uranus, seems to point one of its poles at the sun, thus in effect lying on its side. But the backward motion of Venus has set some scientists to speculating that the dazzling planet may have been created in some cosmic catastrophe, or even captured by the sun from outside the solar system.

Some of the mystery that still surrounds Venus was partially lifted on Dec. 14, 1962, the U.S. Mariner II spacecraft confirmed that the surface temperature was 800 degrees Fahrenheit, much too hot for life as known on earth.

Earth-based optical telescopes can't penetrate the perpetual cloud blanket that hides the planet's surface. Mariner's instruments picked up radiations emanating from the planet's surface and also from the top of its cloud cover. Some of these radiations had been registered by Earth-based radio telescopes long before the Mariner fly-by and scientists knew that the surface was hot. Mariner confirmed this.

But radar dishes in Puerto Rico and California this June detected a number of features on the planet but scientists still aren't certain whether they saw mountain ranges, depressions, or lakes of molten metal which some astronomers believe dot the planet's surface. This data is now being analyzed.

The measurements by Arecibo astronomers were a refinement over similar investigations conducted a few years ago by Jet Propulsion Laboratory scientists who said that the planet rotates completely on its axis once every 256 days. The new results could be off five days on the plus or minus side, scientists said.

What the surface of Venus is really like won't be determined for many years to come, however. The space agency says Venus "doesn't look promising from the life-detection standpoint." It will concentrate on sending unmanned probes to Mars in the next few years. Eventually, instruments may be landed on Venus.

A BETTER LIFE

Cuba Exile Family Arrives In Marin

By JEFF GREER

Perhaps California will have something better than Florida to offer a newly arrived San Anselmo family, self-exiled from Cuba.

Even as Octavio Saez De Ibarra, his wife, son and mother-in-law went to Miami's airport for the flight to California, they had to pick their way through the litter left by Hurricane Cleo.

In Miami, a "career" as a cafeteria busboy was the best job found by De Ibarra, despite his 16 years experience in one of Havana's largest banks. And his wife fared little better, even with her law degree from University of Havana and her experience in social casework.

The new arrivals also include 4-year-old Octavio Jr. and his grandmother, Mrs. Rosa Maria Rodriguez. They were brought to Marin County under sponsorship of the First Presbyterian Church of San Anselmo.

Church members have found for their new proteges a comfortable house at 52 Tamapais Avenue, San Anselmo, and have filled it with simple though adequate furnishings. Mrs. Farrell Schell of 652 Cedarberry Lane, Lucas Valley, is in charge of the committee welcoming the new arrivals.

On Sunday, the De Ibarras attended church and met the congregation that is sponsoring them. Afterward, they strolled through downtown San Anselmo and were driven through San Rafael for a sight-

dom, De Ibarra indicated.

"The radio propaganda — it intruded more every day, talk, talk, talk . . . And the Castro speeches!" . . .

"The government took over the banks. The government controls all the churches' funds, too."

Foreseeing freedom dwindling even more, the family applied for permission to leave Cuba. They were lucky — the permits were granted in a matter of weeks, rather than the months others have waited.

They had to leave behind literally everything except clothing and a few mementoes such as family pictures.

De Ibarra told how government officials came into the Havana home with a checklist — apparently supplied by neighborhood spies — to make sure that all belongings were left behind and in good order.

What does Castro do with all the hard-earned possessions confiscated from his departing countrymen? Government minions give the property — or sell it — to those who stay behind.

"With, of course, the graft," De Ibarra wryly notes. "That is one reason we were able to leave so quickly. I was able to pay them."

Church committee members helping the Cuban family get settled and find employment here are asking that anyone knowing of a job opportunity notify either Mrs. Schell or the office of the church.
